THE WEATHER

Partly cloudy Thursday and Friday.

THE MORNING STAR

WILMINGTON

IT WOULD "COST LESS"

To keep your store open but three days a week—but it wouldn't pay so well. This same argument applies to "spasmodic" advertising.

VOL. XCIV—NO. 156. WILMINGTON, N. C., THURSDAY MORNING, SEPTEMBER 3, 1914 WHOLE NUMBER 13,747.

SEAT OF FRENCH GOVERNMENT IS MOVED FROM PARIS TO BORDEAUX

Proclamation Announcing This Movement Refers to It as Only Temporary—Both French and British Governments Keep Quiet Concerning Movement of Troops or Results of the Battle.

JAPAN LANDS TROOPS ON CHINESE TERRITORY

German Legation at Peking Protests to Chinese Foreign Office Against Alleged Infringement of China's Neutrality—British Cavalry Reported as Driving the Germans Back—Seven Days' Fighting.

The seat of the French government is to be removed from Paris to Bordeaux, 358 miles southwest of Paris. The proclamation announcing this action refers to it as a temporary arrangement.

Regarding the progress of the battle which the Germans are waging on French and Belgian soil, both French and British governments are virtually keeping silence. The movements of the troops are meagrely reported, and it has been impossible through these reports to form any adequate idea of how the tide of battle is flowing.

Direct advices from the Russian capital give the official report of a battle lasting seven days, between the Russians and Austrians, around Lemberg, capital of Galicia, in which the Russians were successful, forcing the Austrians to retreat, and seizing heavily fortified positions. The Russians captured 150 guns and the Austrians are said to have suffered enormous losses. In this battle three full Austrian army corps and parts of two others were engaged.

French aviators have pursued a German aeroplane over Paris. There was an exchange of shots in the air, but the German escaped.

Russia admits a serious defeat in East Prussia at the hands of the Germans. In this battle two Russian army corps were badly cut up, and three generals and a number of staff officers were killed.

An official report from Paris says a German cavalry corps marching towards the forest of Campeigne engaged the British and the British captured ten guns.

Japan has landed thousands of troops at the Chinese port of Lung Kow, 100 miles north of Tsing Tau, and the German legation at Peking has protested to the Chinese foreign office against this alleged infringement of China's neutrality.

The United States cruiser Tennessee is to be utilized for the transportation of Americans from Havre to England.

CAPITAL TO BE MOVED.

Paris to be Still Better Fortified to Withstand Siege of Germans.

Paris, Sept. 3.—A proclamation has just been issued by the government announcing that the government departments will be transferred temporarily to Bordeaux.

The proclamation was issued by the minister of the interior, who said the decision had been made solely upon the demand of the military authorities, because the fortified places of Paris, while not necessarily likely to be attacked, would become the pivot of the field of operations of the two armies. The building of supplementary defense works is proceeding vigorously.

Several of the gates of Paris were closed to traffic last night.

FRENCH OFFICIAL STATEMENT.

German Troops in the Northern Part of Country Are Falling Back.

Paris, Sept. 2.—There are no signs of hostile troops at Arras, Lille, Bethun, Douai and Lens, in Northern France, according to an official announcement made today.

"Parts of several German army corps in Belgium," the statement continues, "are moving eastward into Germany."

The official statement adds:

"In Lorraine our advance continues on the right bank of the Sanon. In the south the situation is unchanged. In upper Alsace, the Germans appear to have left. Before Belfort there is only a thin curtain of troops.

"Another German cavalry corps has pushed on as far as the line from Soissons to Anizy Le Chateau. In the region of Rethel and of the Meuse, the enemy is inactive."

DO NOT GO TO PARIS.

Ambassador Herrick Advises Americans to Go Home Other Ways.

Washington, Sept. 2.—With the arrival in Paris of 250 Americans from Switzerland, the last to leave that country by way of France, Ambassador Herrick has asked the State Department to advise Americans not to go to Paris in the future. It is inferred the request was prompted by the possibility that military operations about the French capital might block the railroads.

Mr. Herrick has arranged a special train for tomorrow to carry 1,000 Americans from Paris to Havre.

William G. Sharp, who is to succeed Mr. Herrick as ambassador at Paris, arrived there today. He will familiarize himself with the post before taking charge.

Secretary Garrison felt no apprehension today concerning Assistant Secretary Breckenridge, reported to have disappeared. Mr. Garrison said his assistant was last heard from in Vienna and probably was in Switzerland now.

Ambassador Thomas Nelson Page, reported to the State Department from Rome today that he had sufficient transportation facilities for bringing all Americans out of Italy and needed no more money for relief work.

President Wilson today issued his neutrality proclamation in the hostilities existing between Belgium and Austro-Hungary.

TRAWLER BLOWN UP.

Trying to Dodge One Mine and Struck Another in North Sea.

Grimsby, Eng., via London, Sept. 2.—A trawler was blown up by a North Sea mine today and seven of her men are missing. The trawler was endeavoring to avoid one mine when she struck another.

A Danish steamer is reported to have been blown up by a mine but the 19 members of her crew were saved.

She crawler Steti was sunk by a German warship, according to a telegram received from her skipper, who is at Amsterdam. He reported all hands on board the trawler had been saved.

INFRINGEMENT OF NEUTRALITY.

Germany Protests to China Against Landing of Japanese.

Peking, Sept. 2.—The German legation has protested to the foreign office against an alleged infringements of China's neutrality by Japan. The protest followed the landing of a Japanese division at the newly opened Chi-

(Continued on Page Two)

INSURANCE BUREAU OPEN FOR BUSINESS

New "Company" Specialized in Marine War Risks.

DELANOY HEADS DESK

New York Marine Insurance Export Will Handle Business for the Government in the Treasury Department.

Washington, Sept. 2.—"Uncle Sam's" marine war risk insurance bureau, designed to inspire confidence in American shippers and aid American trade expansion, will be open for business tomorrow at the Treasury Department. President Wilson signed the Act creating the bureau today, and tonight Secretary McAdoo announced the appointment of W. C. Delanoy, of New York, an underwriting insurance expert, as director of the bureau.

Mr. Delanoy will open an office tomorrow, ready to insure American ships and American cargoes in American ships. His bureau will be under Assistant Secretary Peters. No requests for insurance reached the bureau tonight.

Administration plans as to the merchant marine also took definite form in other directions today. At a conference between the President, Secretary Daniels and members of the naval affairs and merchant marine committees of the House, differences between the two committees were smoothed out and it was decided to press one measure for the obtaining of a government owned fleet of ships.

Favorably Report Bill.

Chairman Alexander, of the merchant marine committee reported favorably to the House the bill providing for the organization of a $10,000,000 company controlled by the government which will buy or build freight carrying vessels. A $30,000,000 issue of Panama canal bonds would be used to buy the ships, the government accepting bonds of the company as reimbursement.

"It was decided at the conference to amend this bill to allow the ships built or purchased by the company to be utilized by the navy if necessary.

President Wilson made it clear at the conference that he believed no violation of neutrality was to be feared in the purchase even of some of the German steamers now marooned in American ports. He agreed entirely with the position taken by Secretary McAdoo yesterday before the merchant marine committee in urging a favorable report on the Alexander bill.

An executive order suspending certain sections of the navigation laws as is used under the Registry bill, passed last week, will be issued tomorrow.

DEMOCRATIC LIGHTNING KNOWS WHERE TO STRIKE

Marshall Says Rods Now Up May be Taken Down.

Vice President Declares That Wilson Should be the Nominee of the Democratic Party in 1916. No Others to Run.

Washington, Sept. 2.—A published statement by Vice President Marshall declaring that President Wilson should run for re-election in 1916 and would be the unanimous choice of his party, aroused wide interest in Congressional circles today, but White House officials refused to make any comment. In Democratic circles, however, it is taken for granted the President will be a candidate, although it was stated that so far as known he has not given the question any personal attention.

The re-nomination of several senators and representatives who have supported the President on various questions has encouraged Democratic campaign managers. In this connection particular attention was paid today to the nomination of Representative Hardwick for senator from Georgia. The praise of the President's Mexican policy in several Democratic State platforms recently also has pleased the President's adherents.

The Vice President's statement is a discussion of the Democratic outlook. The portion referring to the President reads:

"The Democratic party will have but one candidate for President in 1916 and his name happens to be Woodrow Wilson. He will have the entire and unqualified and united support of his party. Fair-minded Democrats will recognize that he is entitled to a chance for a second term to prove the utility of his policies.

"Lightning rods already up may as well be taken down and preserved for use; Democratic lightning will not strike a rod in 1916."

Washington, Sept. 2.—...elson O'Shaughnessy, former charge d'affaires at Mexico City, has been ordered to Vienna where he will act as an extra secretary to the American embassy.

BATTLE RAGES IN AIR ABOVE PARIS

French Machines Give Chase to German Aircraft.

OTHERS OVER ANTWERP

Heavy Artillery Fire Directed at Airships at Both Places and Their Bombs Do Little Damage—Tried for Wireless.

Paris, Sept. 2.—A fight in the air over Paris took place this eveing. Three German aeroplanes hovered over the capital and immediately two French machines were sent up to engage them.

Meanwhile rifles and machine guns mounted on public buildings kept up a constant fire. By this means one of the German machines became separated from the other and the French aviators flew swiftly in its direction. The German opened fire to which the Frenchmen replied vigorously.

The engagement seemed to turn to the disadvanage of the German, who mounted speedily to a higher level and holding this position was saved from further attack. He finally disappeared in a northwest direction over Fort Romainville after a vain pursuit.

The other German aeroplanes also escaped the fire of the guns and after flying about for a considerable time, disappeared from view.

ZEPPELIN AT ANTWERP

Machine Attempted to Blow up Wireless and Telegraph Connections.

Antwerp, Sept. 2.—via London—The following official statement concerning the maneuvers of the Zeppelin airship over Antwerp last night and early today was issued tonight:

"A Zeppelin airship was reported at 10:30 o'clock last night near the forts to the South of the city, and also near the river Nethe. It passed over Aloat toward Termonde and Ghent and then returned toward Antwerp and tried to fly over the city, but for a time a heavy artillery fire kept it outside the outer fortifications.

"At 3 o'clock this morning five or six bombs were dropped from it. Later seven bombs were dropped in the Parc Du Rosignol close to some houses which have been converted into hospitals and which were flying the Red Cross flag. The houses were damaged and ten or twelve persons slightly wounded After the bomb dropping exploits the Zeppelin disappeared in the direction of Malines.

"An examination of the bombs thrown shown that they had a thin double covering, the two covers being joined together with mushroom shoped rivets which act the part of bullets and are liable to cause terrible injury when the covers are burst by the explosion. They are similar to those used by the Bonnet Motor Car bandits in France.

"The Belgian authorities today conducted the United States consul to the Red Cross building which were struck by bombs that he might see the extent of the damage done. Kink Albert also visited the building."

FORTS GOT BUSY.

Several People Were Injured by Bombs Dropped in Antwerp.

London, Sept. 2.—According to an Antwerp dispatch to the Evening News the Zeppelin airship which appeared over Antwerp just before 4 o'clock this morning circled over only the southeasterly part of the city. The alarm was quickly given by the forts. The searchlights played on the airship, but rather ineffectively, because the Zeppelin had appeared just before dawn after a clear moonlight night. Shots were fired and it is believed the airship was hit.

At Deurne, two miles east of Antwerp, the Zeppelin apparently made efforts to reach the wireless installation. She dropped bombs and three houses were hit, four persons being wounded.

At Berchem, inside the inner fortifications a bomb destroyed some telegraph wires over the streets.

At another point a bomb fell close to the railway lines, but did no damage.

THIRD BALLOT HAS BEEN TAKEN IN ELECTION OF POPE

With No Result—Cardinals Are Much Interested in the War.

Rome, via Paris, Sept. 2.—The Sacred College of Cardinals assembled at 10 o'clock this morning for the third ballot in the papal election, but an hour late smoke issuing from the chimney of the Sistine Chapel revealed to the anxious throng in St. Peters' Square that an eleciton had not been accomplished and that the ballots were being burned in accordance with tradition.

It is known that the French, German, Austrian and English cardinals are intensely interested in the developments of the war and frequently inquire the latest news. Cardinal Mercier is reported to have said he already had done his duty and if the conclave were protracted he would return to Belgium where his presence was required.

London, Sept. 2.—A dispatch to the Central News from Amsterdam declares that telegrams received there from Berlin set forth that the German capital is being guarded by several army corps.

ANOTHER TREATY IS MADE WITH PANAMA

Instrument Replaces the Davis Agreement.

GOES TO BOTH SENATES

New Treaty Gives United States Sole Control of Waters of the Harbors of Colon and Ancon and Other Concessions.

Panama, Sept. 2.—A treaty by which the United States gains control of the waters of the harbors of Colon and Ancon, together with other valuable rights, was signed here today by William Jennings Price, the American minister, and Ernesto T. LeFevre, Panaman secretary of foreign relations.

The new convention has been under negotiation for four years. Early last year negotiations were broken off with Panama because it seemed impossible to bring the two governments into accord.

The instrument replaces what has been known as the Davis agreement of June 15th, 1904, in which the boundaries of the Canal Zone were tentatively fixed with the understanding that a future formal treaty would fix the limitation permanently. It also amplifies the Panama canal treaty of November 18th, 1913, under which the Canal Zone was acquired from Panama.

Panama by provisions of the convention, for the first time, will be placed in direct physical connection with the remainder of the country. Hitherto the capital has been cut off by the Canal Zone.

Land Ceded to Panama.

A large tract of fertile land called Las Sabanas, or the savannas was ceded to Panama. In this territory are located many of the handsome country estates of wealthy Panamans.

The United States acquired absolute control over all the waters of Colon and Ancon harbors and in addition two small islands lying in Ancon harbor, which are to be used for observation and light stations by the coast artillery. One of these island will be fortified. The site of Battery Hancock on the Colon water front is given to the United States, as also is control of all piers at the north entrance of the canal, costing approximately $2,500,000.

It is especially stipulated in the treaty that no railway shall be built across the Sabanas, without the consent of the United States and that the United States may re-take and occupy a portion or all of these lands if needed for the protection and defense of the canal or its approaches.

The treaty now will be sent to Washington and Panama Senates for ratification.

BRITISH AMBASSADOR CONFERS WITH WILSON

General Terms of American Neutrality Discussed.

While England Will Not Object to America Purchasing Ships, She Does Not Want too Many German Vessels Bought.

Washington, Sept. 2.—Sir Cecil Spring-Rice, British an bassador, talked with President Wilson today in general terms of American neutrality in the European war. The ambassador expressed the hope of his government that no question of neutrality which might arise would affect friendly relations between Great Britain and the United States.

It was learned that the British diplomat felt confident that the American Government would enforce neutrality impartially. He is understood to have explained that Britain desired only a fair field and no favor.

The ambassador referred in a general way to the position of the British government on the proposed purchase of foreign ships for the up-building of an American merchant marine. The President was informed that Great Britain would place no obstacle in the way and wished the effort success. The British government feels, however, that certain questions will require diplomatic discussion.

While not disputing the right of the United States to purchase as many ships from one belligerent nation as she chooses, Great Britain would not be pleased if a great number of vessels were bought from German owners which might give Germany a big supply of money. The answer of the American government to this is that when the time for purchasing ships arrives, nothing of an unneutral nature will be done.

One of the chief points for diplomatic correspondence will be the attitude of Great Britain toward the cargoes of government owned ships. The British admiralty's instructions as neutral vessels subject to capture when carrying certain cargoes are specific, the ambassador later pointed out at the State Department, and it is not unlikely that some agreement will have to be made in advance in this connection.

CONFLICTING NEWS COMES FROM RUSSIAN FRONTIER

Russian War Office Issues Official Communication Telling of Advance of Troops in Prussia and Along Austrian Border—Wireless to German Embassy Contradicts Reports Made by Their Opponents.

BOTH SIDES CLAIM BIG VICTORY AT LEMBERG

Germany Declares Russians Are Being Driven Back Into the North, While the Russians Claim Strong Outer Forts Have Been Taken and the Town is Now Being Besieged—Controversy as to Occurrences.

The most conflicting reports come from the fighting in East Prussia and along the Austro-Russian frontier, between the German and Russian forces. What purport to be official dispatches have been received in Washington from each nation, telling of great victories over their enemies.

The German embassy received a wireless from Berlin which said: "German and Austrian troops have occupied Lodz, the largest manufacturing center in Russian Poland, and that the battle northward from Lemberg is continuing."

The Russian War Office at Petrograd (St. Petersburg) issues an official communication that "after a battle lasting seven days, the Russian army seized heavily fortified positions around Lemberg (capital of Galicia, in Austria-Hungary) about ten or twelve miles from the town. The Russian troops then advanced toward the principal forts."

The military attache of the Russian embassy gives out a statement at New York, which was received from Petrograd, concerning the situation in East Prussia, which declares that the Germans have brought up strong reinforcements and have taken the aggressive, but that the Russian forces are being reinforced and are holding their own.

The diplomatic representatives of Germany and Russia at Washington have entered into a hot controversy in behalf of their governments, making charges and counter charges, and issuing denials of reports given out by the other.

FIRST WORD FROM RUSSIA

Message Tells of Victory at Lemberg—Name of St. Peterburg Changed

Perograd, (St. Petersburg,) Sept. 2.—The following omcial communication was issued by the Russian war office tonight:

"After a battle lasting seven days the Russian army seized heavily fortified positions around Lemberg (capital of Galicia in Austria-Hungary,) about tenr of twelve miles from the town. The Russian troops then advanced toward the p rincipal forts.

"After a battle yesterday, which was fiercely contested, the Austrians were obliged to retreat in disorder, abandoning heavy and light guns, parks of artillery and field kitchens.

"Our advance guard and cavalry pursued the enemy who suffered enormous losses in killed, wounded and prisoners.

"The Austrian army operating in the neighborhood of Lemberg was the third eleventh and twelfth corps and part of the seventh and fourteenth corps. This army apears to have been completed defeated.

"During the pursuit by the Russian troops, the Austrians retreating from Guila Lipa, were forced to abandon thirty one guns. Our troops are moving over roads encumbered with parks of artillery and convers loaded with provisions of all kinds.

"The total number of guns captured by the Russians around Lemberg amounts to 150."

The foregoing dispatch was sent direct from Petersograd by the St. Pertersburg Telegrapn Agency, and is the first dispatch received in New York direct from the Russian capital since the declaration of war.

GERMANY CLAIMS VICTORY.

Wireless to Embassy at Washington Declares Russians Driven Back.

Washington, Sept. 2.—The German embassy received a wireless today from Berlin announcing that "German and Austrian troops have occupied Lods, the largest manufacturing center in Russian Poland, and that the battle northward from Lemberg is continuing."

"The report is confirmed," the message adds, "that the French abducted 14 women and 25 children from a German frontier place; also a hospital doctor and assistant from Lorchingen; fate unknown.

"The papers are full of Russian horhors in East Prussia. The Russians but off the breast of a mother and impaled her five children on a fence.

"Four Cossacks ravished a woman while they handcuffed her husband and forced him to be a witness."

Later the embassy received this additional wireless from Berlin:

"The news that German troops have left Brussels on account of the situation in East Prussia is wrong. The German administration in Brussels is very active, civil servants arriving every day for newly organized offices.

Says Official Word a Lie.

"The French official communique that the Russians have completely invested Koenigsburg is also a lie. The Russians have covered half the distance between the frontier and Koenigsberg and are now retreating eastward after the annihilation of their Narew army."

The Gazette Del Popolaro, a respectable paper, calls London a lie factory comparable with Shanghai during the Russo-Japanese war.

"Lord Churchill's declaration that a victorious Germany would seek expansion in South America appears to be the climax of ridiculous calumny and an unscrupulous attempt to incite the friendly nations of both North and South America against the German people while the German press here, on the contrary, heartily welcomes the progress and prosperity of free American nations.

"German soldiers returning from Belgium, cruelly mutilated, increase the German people's exasperation against the revolting atrocities created by Belgian civilians.

"Enormous excitement has been caused by the Belgians' attempt to induce the world, with London and Paris who are endless liars, as accomplices, in the belief that German soldiers are authors of atrocities.

"The Socialistic German paper 'Vorwaerts' gives a shocking description of the wholesale assassination of Germans at Louvain. The simplicisimus, another publication, says the name of Belgium is the worst insult that could be inflicted upon civilized man."

AMBASSADOR ISSUES STATEMENT.

Russian Representative Tells of Conditions in Poland Now.

New York, Sept. 2.—George Bakhmeteff, Russian ambassador to the United States, today issued the following statement through the Russian consulate here:

"Col. Golejewski, military attache to the Imperial Russian embassy, has called our attention to the statement made by the German ambassador in an interview in which he says that 'the Poles already have risen in rebellion and Russian telegrams stated that the Poles are to be treated as enemies.' This decides the fate of Russia. This news furthermore, comes from Russia. It was not made in Germany.'

"Count Bernstorff evidently hasmisunderstood or misquoted the news that did come from Russia on the subject. After his manifesto to all Poles, Prussian, or Austrian, the Grand Duke, commander-in-chief, issued some time ago an order to the army to treat all Poles especially leniently and give

(Continued on Page Two)

CLAYTON MEASURE PASSED BY SENATE

Last of Anti-Trust Bills Scheduled for Congress

GOES TO CONFERENCE

Federal Trade Commission Bill Goes to Conference at the Same Time. Expect Both to be Law in Day or Two.

Washington, Sept. 2.—Amended in many particulars, the Clayton anti-trust bill, which supplements the Sherman law and completes the administration trust legislation programme for this session of Congress, passed the Senate late today 46 to 16 and will be sent to conference where the Federal Trade Commission bill—first of the anti-trust measures—still is under consideration. Reports on both measures are hoped for within the next few days.

Seven Republicans voted for the bill: Brady, Clapp, Cummins, Kenyon, Norris, Perkins and Jones. They were joined by one Progressive, Poindexter. The bill provides fines and imprisonment for officers of corporations convicted of offenses against the trust laws, prohibits exclusive "tying" contracts which restrict independence of purchasers, prohibits holding companies where their effect is to lessen competition or to create monopoly and makes illegal two years after the passage of the act inter-locking directorates in competing corporations, any one of which has capital of more than $1,000,000. It also forbids the interlocking of railroad directors with corporations dealing in securities, railroad supplies or contracts and liberalizes procedure in injunction and contempt cases.

Sections of the House bill relating to price discrimination and unfair competition were stricken out in the Senate.

Labor is Exempted.

Labor, agricultural and horticultural organizations, not conducted for profit, are exempted in the provisions relating to monopoly. The maximum penalty for a violation of the provision preventing exclusive contracts is $5,000 or one year imprisonment or both. The provision against holding companies would not prevent common carriers from acquiring branch lines where there is no substantial competition.

Sections relating to interlocking directorates are made effective two years after the passage of the act.

Directors of railroads, under the terms of the bill cannot be niterlocked with corporations dealing in securities, railroad supplies or other articles of commerce or contracts for construction, maintenance, etc., to an amount of more than $50,000 in any one year, unless purchases are made after competitive bidding under regulations of the Interstate Commerce Commission. A penalty of two years imprisonment and $25,000 is prescribed for violation.

Another provision makes it a felony for officials of common carrier corporations wilfully to misapply or permit misapplication of funds of the corporation, the penalty being not less than $5,000 fine or imprisonment for not less than one or more than ten years, or both.

The section dealing with court procedure provides that no injunction shall be issued between employers and employes in labor disputes unless necessary to prevent injury to property or property rights, and no such order shall prohibit the right of employes to strike or peacefully persuade others to do so. Disobedience of writs subjects offenders to contempt proceedings, the accused in indirect cases being granted trial by jury.

President Wilson will delay his selection of the members of the new Trade Commission until after the measure has been harmonized with the Clayton bill by the conference reports. He has not considered any names as yet.

ESTABLISH BRANCHES IN SOUTH AMERICA

New York Bank Gets Permission From the Federal Reserve Board.

Washington, September 2.—The Federal Reserve Board today decided to grant the application of the National City Bank of New York to establish branches at Buenos Ayres and Rio de Janeiro, but imposed the condition that it abide by any future regulations of the board.

The bank asked that it be allowed also to establish sub-branches in other South American cities. The Board is expected to take favorable action later, after the two main branches are in operation.

Officials believe the National City application may aid the upbuilding of American trade in South America, if others follow.

EMBARGO ON DYE IS RAISED BY GERMANY

However, Does not Raise That on Pharmaceutical Products.

Washington, Sept. 2.—Representative Metz received today from Rotterdam and transmitted to Secretary Bryan advices that Germany has raised the embargo on exportations of dye stuffs but not on pharmaceutical products.

Mr. Metz asked the State Department to make representations for raising the embargo on the latter. Free shipments of German dye stuffs via Rotterdam are of inestimable importance to the cotton goods industry of the United States. Without German dyestuffs, it was threatened with at least partia suspension.

HARDWICK NOMINATED.

By Georgia Democratic Convention to Fill Bacon's Unexpired Term.

Macon, Ga., Sept. 2.—Congressman T. W. Hardwick was today nominated to fill the unexpired term of the late United States Senator A. O. Bacon, by the State Democratic convention here, on the fourteenth ballot. The vote was Hardwick 235, Slaton 133, Hutchens, 4. Thomas S. Felder, the fourth candidate withdrew immediately after the convention assembled at noon and thereby broke the deadlock. Action by the convention is equivalent to election.

CONFLICTING NEWS COMES FROM THE RUSSIAN FRONTIER

(Continued from Page One.)

them, even as prisoners or inhabitants of the region that the Russian army occupies, kind and considerate treatment. This is the attitude of Russia toward the Poles.

"But the commander-in-chief declares also that Galician Polish Sokols, that is, armed troops of a gymnastic society in Austria-Poland, cannot be considered as regular soldiers but only as 'franc tiereurs' and treated as such. This is an accepted rule of regular warfare, recognized by everybody and especially rigorously enforced by the Germans themselves, Count Bernstorff seems to have generalized the last order and applied it not to sokol-franc tiereurs, but to all Poles. There is no doubt but that both of these orders came fro mRussia, but the wrong interpretation of them was certainly 'made' somewhere else.

"I consider it my duty to give this explanation in the interest of truth, and the press can easily find the text, both of the manifesto and of those two orders as they have been published in American papers."

WORD FROM WAR OFFICE.

Russian Military Attache Gives Out Statement at New York.

New York, Sept. 2.—Colonel Nikoll Golesky, military attache of the Russian ambassy, made public today at the Russian consulate here a cablegram which he said had been received from the Russian War Office at Petrograd (St. Petersburg.) It confirms previous official statements regarding a Russian advance in the northern part of Eastern Prussia.

Regarding the situation in the southern part of Eastern Prussia, the message says:

"The German have concentrated reinforcements on the whole of their front and have taken the offensive in superior force against two of our army corps. The latter suffered considerably from heavy artillery brought up by the enemy from his fortresses on the Vus Vistla. Since then we have brought up reinforcements and contact with the enemy is being maintained.

"On the Balacian front heavy fighting continues.

"On September 1, all the Austrian attacks were repulsed, our troops taking three guns, ten machine guns and over 1,000 prisoners who stated that the European losses were very heavy.

"In Eastern Galacia our advance continues. Especially stubborn fighting took place on the river Gnilai Lipa. Hrere a naturally stong, and, according eleborately fortified, and, according to the statements of the prisoners considered by the Austrians to be impregnable. This position has been taken by our troops. An attempt to check our advance by a counter attack from the direction of Balitch failed. Austrians were replused leaving 4,800 dead in the field. In this battle our troops took a large number of prisoners, among them one general 32 guns and ammunition and supply columns."

GOVERNMENT LOSES FOR THE SECOND TIME.

In Fight to Regain Valuable Oil Lands in California—Bad Setback.

San Francisco, Sept. 2.—The fight of the United States government to recover title to extensive California oil and mineral lands today received its second serious setback at the hands of Justice Maurice T. Dooling, of the United States district court when he denied the government's application for appointment of receiver of Kern county oil lands, worth more than $10,000,000.

The government met its first defeat in its efforts to cancel patents to such lands last June when Judge Dooling held that President Taft's withdrawal of oil and mineral lands was legally ineffective.

In denying the government's application, Judge Dooling stated that its plea that the acquisition of patents to the lands by the five operating companies was "tainted with fraud" was baseless. He said the companies had invested vast sums in the development of the lands in good faith, and as far as the evidence disclosed, were operating in "good faith."

POLLOCKSVILLE GOES FORWARD.

New Cotton Seed Oil Mill Now to be Built.

(Special Star Correspondence)

Newbern, N. C., Sept. 1.The little town of Pollocksville, in Jones county, has not been materially damaged by the war scare. At least one would not so judge after learning of the improvements which are being made there and the new enterprises which are to soon be started. Among these latter is a cotton seed oil mill which is soon to be I noperation at that place.

A cargo of cement left Newbern yesterday morning on board the steamer Howard consigned to Pollocksville, to be used in the construction of this new mill. The stockholders of the new enterprise comprise some of the leading business men in the eastern part of the State, among whom are C. E. Foy, of this city, and others.

LATHAM TO DOUBLE WAREHOUSE CAPACITY

Greensboro Cotton Dealers Preparing for Storage.

(Special Star Correspondence)

Greensboro, N. C., Sept. 2.—The J. E. Latham Company of this city, large dealers in cotton, are considering doubling the capacity of their warehouse facilities here, so as to provide a storing place for the New York cotton exchange in the South. The company has storage for 25,000 bales, but increasing business necessitates more room, and Mr. Latham believes that his company will be justified in doubling the warehouse space. North Carolina will raise about 1,000,000 bales of cotton this year, and there are not warehouses enough in the State to store more than one-fourth of this amount, thinks Mr. Latham.

TAKE THE OATH TODAY.

McReynolds as Associate Justice and Gregory as Attorney General.

Washington, Sept. 2.—James C. McReynolds will take the oath of office tomorrow as Associate Justice of the United States Supreme Court and T. W. Gregory will assume the office of Attorney General.

Chief Justice White will administer the oath of office first to Mr. Gregory and then to Mr. McReynolds, the commission of an Associate Justice is signed by the President and his Attorney General and it is necessary that Mr. Gregory take office first.

SUNDAY SCHOOL CONVENTION

North Carolina Association Meets in 31st Annual Session at Winston-Salem This Month.

A number of Sunday School workers in Wilmington and this vicinity are making preparation to attend the 31st annual convention of the North Carolina Sunday School Association which will meet in Winston-Salem, September 15, 16 and 17. The citizens of Winston-Salem will furnish free entertainment to all delegates, who register for the convention, including lodging, breakfast and supper. The visitors will pay for the noon-day luncheon. A plan is under way to serve lunch in some nearby building so that the delegates may be together for a social half hour.

It is quite likely that this will be the last convention at which free entertainment will be provideed. It is expecied that after this year plans will be made for a strictly delegated body. The railroads will give the usual reduced rates on the certificate plan. All delegates will pay a registration fee of $1 which will entitle each to a badge, a programme and all the privileges of an accredited delegate.

The programme is being arranged so as to make clear the standards of organization and efficiency. The prade will be educational in effect, showing the divisions and departments of a modern Sunday School.

A number of conferences will be held each afternoon during the convention and they are being planned so as to deal with some outstanding division, department, or feature of work to be undertaken either through the cooperative organization or the local schools, and will be made to fit into other so that the general conference which is to follow these special conferences will be able to show how they constitute a complete whole in their relation to each other.

There will be conferences and noonday luncheons for pastors, superintendents, etc., at which various phases of the great movement will be condidered. Denominational conferences will be held at the noon-day luncheon if desired.

A number of splendid speakers and loyal Sunday School workers in the state will take part on the programme. The following out-of-State speakers have been secured: W. C. Pearce, Chicago, Associate General Secretary of the International Association; Thos. C. Diggs, Richmond, Va., General Secretary of State Association; Miss Lucille Simcoe, Norfolk, Va., Elementary Teacher.

The names of delegates should be sent to P. Frank Hanes, Winston-Salem, N. C., Chairman of Committees on Entertainment.

BURGLARS AGAIN ENTER HOME OF JUDGE BOYD

Watch, Diamond and Other Jewelry Carried Away.

Greensboro, N. C., Sept. 2.—Choosing an early hour of the night a burglar on Sunday night made a bold entry to the home of Judge James E. Boyd, United States judge for the western district of North Carolina, corner of West Washington and South Ashe streets, and stole jewelry valued at from $125 to $150. Judge and Mrs. Boyd discovered the loss a short time after the entry, but did not report it to the police until Monday morning.

This is the second time this year Judge Boyd's home has been entered and the third time in four years. Last March burglars took away valuable provisions, including some extra fine country hams. Four years ago when the Sells-Floto circus was in town in broad daylight, someone entered the home and stole jewelry and other property aggregation $700 in value. By the three robberies Judge Boyd has lost in the neighborhood of $1,000.

The burglars Sunday night took a watch belonging to Mrs. Boyd, valued at $75, one diamond ear-ring of a pair, valued at $50, one $5 bill, three $1 notes, a cherished child's dime bank that their son used to have containing $4 or $5, and an old English shilling that had been in the family many years. These came from a corner drawer in a chiffonier in the northeast room of the lower floor. In another part of the Chifionier the burglar evidently discovered gold and pearl cuff buttons and an Elk's badge studded with diamonds, but did not bother these.

MOUNTAIN HOME DESTROYED.

Handsome Residence of R. S. Rowland Prey of Flames.

Asheville, N. C., Sept. 2.—The handsome mountain home of R. S. Howland, on the side of Sunset, was destroyed by fire Sunday afternoon entailling a loss of $60,000. Insurance to the amount of half of the value of the residence was carried by the owner, it is stated. Practically all of the contents were saved, the fire burning so slowly that it was not difficult to get out the funiture, fixtures and tapestries. The fire department which responded quickly confined its efforts to saving the furniture the altitude of the residence being such that no pressure could be secured.

Mr. Howland's two sons occupied the residence at the time of the blaze their father being in Florida. The fire is believed to have originated from a defective flue.

COLORED BAPTISTS PRAY FOR PEACE IN EUROPE

Convention of Three States and District Held in Raleigh.

Raleigh, N. C., Sept. 2.—The Lott Cary Baptist Foreign Mission Convention, composed of representatives of negro Baptist churches in North Carolina, Virginia, Maryland and the District of Columbia, which began a four-day session here yesterday, today on motion offered prayer for the cessation of the war in Europe and for world peace.

Dr. S. C. Brown, of Winston, N. C., the president of the convention, and Dr. W.M. Alexander, of Baltimore, secretary, made their annual reports showing five missionaries at work in Liberia and collections of ten thousand dollars during the past year.

New York, Sept. 2.—J. V. Wardlay, a professor in the State Normal School in Athens, Ga., was a passenger on the steamer Carpathia, which arrived here today from Messina, Malta and Naples. Prof. Wardlaw was chairman of an American committee which worked with Ambassador Page in Rome for the relief of their fellow countrymen.

—Mr. R. E. Doles returned yesterday afternoon from a vacation of ten days which he spent with relatives at Black Mountain.

WAR BULLETINS

London, Sept. 2.—Advices have been received here from St. Petersburg to the effect that the Russian general staff frankly confesses to disaster to two army corps, including the loss of three generals.

London, Sept. 2.—One of the 300 British wounded who arrived at Southampton today was a gunner who was stricken blind while serving his gun. He said the Germans came up in closely packed lines and that the British guns simply slaughtered them.

Washington, Sept. 2.—Chinese officials have called the attention of American consular officers at Chee Foo to the landing of several thousand troops by Japanese on Chinese territory at Lung-Kow, near Huang-Haien. This, Chinese officials claim, is a distinct violation of neutrality.

Petrograd (St. Petersburg) Sept. 2.—The general staff announces that the Austrian 15th division was completely routed near Lustchoff, on August 28th and that 100 officers and 4,000 soldiers were taken prisoners.

San Francisco, Sept. 2.—After hovering off the Golden Gate nearly all day, at a distance varying from four to 15 miles, the Japanese cruiser Idsuma tonight picked up a small launch—whether one of her own or one from land could not be seen—and put to sea at full speed, headed west.

London, Sept. 2.—Claude Graham-White the aviator, has been appointed a temporary flight commander in the British navy, Richard T. Gates, who recently resigned from the Royal Aro Club has been appointed a temporary flight lieutenant.

The Earl of Granard has been appointed in command of the fifth battalion of the Royal Irish regiment, and Baron Sempill in command of the Black Watch Regiment of the new army.

Paris, Sept. 2.—A dispatch to the Havas agency from Ostend says that the Independance Belge of Brussels, is authority for the statement that the Germans are fortifying the environs of Brussels and that cemeteries have been transformed into redoubts.

The same journal, according to the Havas agency says the Germans have given the English in Brussels 24 hours in which to leave the city and that the English have protested to the American minister.

Rome, via Paris, Sept. 2.—The German social deputies Hugo Haase and Albert Sudekum, are said to have come to Italy in an effort to induct the Italian socialist party to use their influence to have Italy join Germany in war. The mission faile dand the Itlian Socialists have not published a protest against what they described as an attempt against the dignity of Italy. They also express the hope that if a cessation of hostilities is impossible, the infamous war will crush those who provoked it."

Petrograd, (St. Petersburg) via London, Sept. 2.—The cross of the military order of St. George has been conferred on 20 members of an infantry company who distinguished themselves in the fighting in East Prussia. After a Russian battery had been disabled through the wounding of many men and the killing of all its horses the men decorated dragged off the guns under a raking fire from the Germans.

Nish, Servia, via London, Sept. 2.—An official statement issued today gives new and fuller details of the battle of Jedar. The Austrian force of 200,000 men held a favorable position. By its retreat it admitted defeat. The Austrians letf on the field of battle 10,000 dead and more than 2,00 wounded, according to the report.

"Altogether" continues the statement, "40,000 of the enemy were placed horse de combat. We have sent to the interior more than 4,000 men whom we took prisoners and have captured 60 guns, much ammunition the material for the construction of a 600 mere bridge, and a train.

The battle was af great importance because it was decisive. The enemy retreated to Santzek.

FURTHER DIVIDEND REDUCTIONS MADE.

Several Corporations In and About New York Issue Statements.

New York, Sept. 2.—Further dividend reductions and changes resulting from the European war were announced today. The Guaranty Trust Company, one of the largest financial institutions in the country stated that "under existing conditions" it was deemed advisable not to pay the "extra 2 per cent dividend which had come to be regarded as a part of the quarterly distribution in addition to the regular payment of 6 per cent."

"Because of the advisability of conserving its cash resources," the American Snuff Company has decided not to declare a cash dividend on common stock. In lieu of such payment the directors have ordered a proportionate distribution of 2,245 shares of 7 per cent preferred stock of the P. Lorillard Tobacco Company and 2,440 shares of 7 per cent preferred stock of the Liggett & Meyers Tobacco Company, which came into the snuff company's possession on the dissolution of the American Tobacco Company.

APPEAL TO CONGRESS.

To Appropriate Funds to Buy Surplus Cotton from This Year's Crop.

Fort Worth, Tex., September 2. — An appeal to Congress to appropriate funds necessary to finance the marketing of the cotton crop of 1914 was authorized today by the Farmers' Educational and Co-Operative Union of America in session here. Details of the plan to relieve the situation caused by the war in Europe and the consequent market stagnation were left to the judgment of a committee which will go to Washington immediately to present the appeal. The delegation will include at least one representative from each of the cotton-growing States and the National officers of the farmers' organization.

CONTRACT FOR MUNITIONS.

American Manufacturers Will Sell Twenty Millions Worth to Europe.

Washington, Sept. 2.—American manufacturers have contracts to supply $20,000,000 in arms and ammunition to certain European belligerents, Count Von Bernstorff, German ambassador, asserted tonight on his return from New York. The ambassador said he did not know if any violation of neutrality was involved and he could not say whether the matter would be called to the attention of the American government. Count Von Bernstorff will see President Wilson tomorrow, his first visit to the White House since his return from Germany.

PROGRESS IN MEXICO PLEASES WASHINGTON

Bryan and Wilson Express Their Satisfaction

Confident That a General Convention Will be Held There Before Long. Washington Government Expects Peace.

Washington, Sept. 2.—Confident a general convention will be held in Mexico soon, President Wilson and Secretary Bryan have expressed to Provisional President Carranza their satisfaction with the rapid progress being made in restoring tranquility in the republic.

Administration officials are convinced that the present government is rapidly acquiring stability. They believe no counter revolution of importance is to be expected. Official dispatches bear out this view. One commented on the arrival in Mexico City from the United States of a through Pullman sleeper, the first in nearly two years.

Paul Fuller, personal representative of President Wilson, will confer tomorrow or Friday with Gen. Carranza on future relations between the United States and the Carranza government. Recognition is not expected to be given until a definite programme for the election is agreed on by all factions.

No differences, it was learned today, have arisen between Carranza and the American government concerning the closing of the port of Vera Cruz. The act is construed as friendly and as resulting from a desire to increase customs revenues at other Mexican ports.

ARMS TURNED IN.

In Conformity With Decree by the Military Authorities.

Mexico City, Sept. 2.—Thousands of fire arms were turned in today at the National Palace, the citadel and the foreign relations, in conformity with a decree by the military authorities that all arms be surrendered. One room in the Brazilian legation is completely filled with arms and ammunition.

A meeting of Constitutionalist generals at the National Palace tonight discussed methods to be used in calling for a general election in accordance with the plan of Guadaloupe.

The government tonight rescinded the order for the surrender of arms so far as foreigners are concerned.

A. C. L. TRAIN KNOCKS NEGRO OFF THE TRACK.

Fourteenth Person Injured About Fayetteville Since Saturday.

(Special Star Correspondence.)

Fayetteville, N. C., Sept. 2.—The 14th person injured in accidents or fights in or around Fayetteville since Saturday night was carried to a hospital this morning when No. 60, Fayetteville-Wilmington passenger train, starting its run at 7:15, knocked Edmund Sumter, a negro, off its track near the Cape Fear river bridge. The train was stopped and the man was taken up, placed in the baggage car and brought back to the A. C. L. station to be taken to the Highsmith Hospital.

His hip was broken by the impact of the train and it is thought that he is injured internally.

Sumter, on his way to work, had stopped and sat down on the track near the river bridge to put on his shoes. The engineer apparently supposed that he would get off the right-of-way until it was too late to stop the train without hitting him.

NEXT YEAR'S STYLES.

Lack of Dye Stuff in America Means White Stockings and Underclothes.

Philadelphia, September 2.—Bleached, white or undyed hosiery will prevail next Spring and Summer, according to officers and members of the advisory board of the National Association of Hosiery and Underwear Manufacturers, who met here today to discuss the dye problem with importers and domestic manufacturers of dyes.

Learning that no immediate relief can be expected in the dye stuff situation, because of the European war, and that it would take at least a year to establish plants to manufacture dye in this country, the meeting adopted a resolution advising hosiery manufacturers not to accept orders for dyed hosiery for delivery after January 1, or beyond such time as the stock of dye stuffs of the individual manufacturers will last.

ARMY-NAVY FOOTBALL GAME.

Will be Played at Philadelphia This Year, is Decision.

Philadelphia, Sept. 2.—The Army-Navy football game will be played in Philadelphia this fall, according to an announcement tonight by E. J. Barlet, chairman of a business men's committee which has been endeavoring to retain the game to Philadelphia.

Shibe Park, the American League baseball grounds here, has been offered for the game.

SEAT OF THE FRENCH GOVERNMENT MOVED

(Continued from Page One.)

ness port of Lung-Kow, 100 miles north of Tsing-Tau.

News of the Japanese landing caused no surprise here as the Japanese legation several days ago requested the foreign office to remove the limit of the 50 kilometers (about 30 miles) radius prescribed by the Chinese as the fighting aread around Tsing Tau. The foreign office did not comply with the request, but it was understood that the Chinese troops would be instructed not to oppose the Japanese. The Chinese officials are described as incensed, but afraid of doing anything that might afford the Japanese a cause for territorial or other exactions.

Whether British forces will cross Shantung peninsula with the Japanese is not divulged but the point is much discussed here.

MRS. GOETHALS ARRESTED

Wife of the Man Who built Canal Taken for German Spy in France

Washington, Sept. 2.—With the return to Washington of American naval officers who were in France at the time of the outbreak of the war it became known today that Mrs. George W. Goethals wife of Governor Goethals of the canal zone, was arrested at Ville France as a German spy shortly after the war began.

Mrs. Goethals is of German descent and speaks the language fluently. She had difficulty proving her identity, but finally produced her marriage certificate. When the French officers learned she was the wife of the bilder of the Panama canal they could not apologize sufficiently and her release was ordered immediately.

IS GERMAN LINER CAPTURED?

Word Reached New York That Kronprinz Wilhelm Taken by British

New Yor, Sept. 2.—Reports were current here today that British cruisers had captured the Kronprinz Wilhelm, the German liner which has been roaming the seas since her suddan departure from this port a day or so before war was declared between Germany and England. Sir Courteney Bennett British consul general here, had heard the rumor and made inquires during the day, but tonight said he had been unable to confirm it.

The Kronprinz Wilhelm, a North German Llyod liner, was taken as a war prize into Bermuda, according to the reports.

The Kronprinz Wilhelm, sailed from New York with darkened lights and all the coal she could get aboard a day or so before the declaration of war between Germany and Great Britian. She has not yet been reported as arriving at any port. The impression prevailed that she went to furnish coal to Geerman cruisers in the North Atlantic.

The Bristish cruser Suffolk later reported she had sighted the Kronsprix Wilhelm transferring coal in mid-ocean to the German cruiser Karlsruhe.

ADDITIONAL INFORMATION.

Is Telegraphed to Treasury Department by New York Collector.

Washington, Sept. 2.—Collector Malone, of the New York customs house, telegraphed to the Treasury Department tonight additional information relating to the steamship Adriatic of the British naval reserve which reached port there Saturday and is seeking to clear again tomorrow.

Mr. Malone informed the department that the Adriatic had 7,000 tons of general cargo, only coal enough for the round trip, 180 non-military passengers of both sexes and 12 seamen in her crew, members of the Royal naval reserve. Aside from 200 rounds of ammunition for her four six-inch guns, carried for protection, said Collector Malone, the Adriatic carried no munitions of war.

The information was transmitted to the State Department for the use of the joint board of neutrality. Some officials thought tonight that clearance would be granted.

To be Decided Today.

New York, Sept. 2.—Officers of the White Star Line tonight expressed confidence that the government would not object to the Adriatic sailing with the four 6-inch guns she carries. They held it was within the right of a merchantman belonging to a belligerent nation to arm herself.

Customs officials said they expected word from Washington early tomorrow as to whether the Briton would be allowed to depart. She is due to sail at noon. Thirty of her passengers are booked first class.

MANY AMERICANS HOME

Three Vessels Arrive in New York During Yesterday With Refugees

New York, Sept. 3.—Nearly 2400 persons, a majority of the Aemerican refugees from the theatre of war abroad, arrived home today on three steamships—the Heiligoliva from Danish ports with 1,059; the Cuard liner Carpathia from Mediterranean ports with 504 and the Italian steamer Verona, also from the Mediterranean, with 820 passengers.

Three vessels left New York for Liverpool—the White Star liner Olympic, the American liner St. Paul and the Red Star liner, Vaderland. These vessels carried fewer than 800 passengers among them.

Several out going vessels today were observed under pursuit by the British cruiser Suffock port. They were allowed to proceed after being halted and forced to make known their identity.

The American liner New York, from Liverpool, and the Italian steamer San Guglielmo, from Naples, all dock tomorrow with more home coming Americans.

FIGHTING CONTINUES.

Official Statement is Made by British Press Bureau Early This Morning.

London, September 3.—The official press bureau has issued the following statement:

"Continuous fighting has been in progress along almost the whole line of battle. The British cavalry engaged with distinction the cavalry of the enemy and crushed them back, and captured ten guns.

"The French army has continued the offensive and gained ground in the Lorraine district. In other regions of the war the Russian army is investing Koenigsberg. The Russian victory, which is complete at Lemberg, already has been announced."

LOOK FOR MINES.

Private Motor Boats Search North Seas for Obstructions to Traffic.

London, Sept. 2.—Telegraphing from Copenhagen the correspondent of the Daily News says:

"Several private motor boats have left for Cape Skagen, Denmark to search for mines which are dangerous to neutral ships. Persons arriving here today say that while crossed the Gulf of Finland on board a Russian ship they saw a mine explode about a mile and a quarter away. No ships were visible in the vicinity and the captain of the vessel suggests that the mine was detonated by a big fish.

"Emperor William has announced an amensty for all Germans convicted of military offenses or who emigrated without permission, who within three months present themselves for seervice in Germany, the colonies or on board German warships. The sole condition of the amesty is that they can prove their recent conduct has been satisfactory."

MR. E. H. KENDALL DEAD

Was Large Landowner of Jones County—Came From Laurinburg.

(Special Star Correspondence)

Kinston, Sept. 2.—Mr. E. H. Kendall, a large landowner of Jones county who resided near the Lenoir county line, is dead at the age of 55 years. Mr. Kendall came to this section from Laurinburg, N. C., two years ago. Cancer was the cause of death. He is survived by eight children. The remains were taken to Laurinburg for interment.

At Washington 4; Chicago 4—10 innings, called to catch train.
At New York 5; Detroit 6.
At Boston 6; St. Louis 9.
2nd Boston 7; St. Louis 3.—7 innings.
No other scheduled.

WHERE THEY PLAY TODAY.

Washington at New York.
Philadelphia at Boston.

BOSTON AND ST. LOUIS SPLIT DOUBLE HEADER.

Boston, Sept. 2.—Boston and St. Louis split it today, the visitors taking the first game 9 to 6 and Boston the second 7 to 3 in seven innings. Both clubs hit freely in the opening game, but four errors by Janvrin marred Gregg's support.

St. Louis .....000 040 140—9 13 1
Boston .....020 000 211—6 13 4

Baumgardner, James and Agnew and Jenkins; Gregg and Cady and Thomas.

Second game:

Boston .....210 130x—7 13 1
St. Louis .....003 0000—3 6 0

Bedient and Carrigan; Mitchell, Hoch and Jenkins.

WASHINGTON AND CHICAGO GO INTO EXTRA INNING TIE.

Washington, Sept. 2.—Washington and Chicago played into extra innings again today, the game being called at the end of the 10th inning with the score 4 to 4 to allow the visitors to catch a train. After scoring a run in the fourth in a pass, an error, a wild pitch and a sacrifice fly, Washington tied the score in the ninth on a base on balls, two singles and Candlin's triple.

Chicago .....100 000 0300—4 6 1
Washington ....000 100 0030—4 12 0

Benz and Schalk and Mayer; Johnson, Bentley and Williams.

DETROIT TAKES THREE OUT OF FIVE GAMES.

New York, Sept. 2.—Detroit today made it three out of five from New York by taking the last game of the season here 6 to 5. The visitors fought an uphill game and tied the score in the sixth by scoring four runs, a double by Burns driving in the last three runs. Detroit won in the seventh, when Stanage singled and Heilman ran for him. The latter scored on Cavet's sacrifice and Vitt's single. Cree injured his leg, tripping over Cook in the eighth inning and was forced to retire.

Detroit .....000 104 100—6 12 0
New York .....101 030 000—5 11 0

Main and Stanage and Baker; Cole and Nunemaker.

BOSTON TAKES TWO AND WITH THEM FIRST PLACE.

Philadelphia, Sept. 2.—Two victories for Boston over Philadelphia today 7 to 5 and 12 to 3, and the defeat of New York at Brooklyn enabled the former to take the lead in the National League race. Boston hit the ball hard in both games and Rudolph and James were given almost perfect support. Evers was unable to play, owing to illness, and his substitute, Dugey, split his finger in practice.

Boston .....030 020 011—7 11 0
Philadelphia .....000 111 020—5 13 2

Rudolph and Gowdy; Rixey, Marshall, Baumgardner and Killifer.

Second game:

Boston .....543 000 000—12 15 1
Philadelphia ....100 100 001— 3 7 3

James and Gowdy and Whaling; Tincup, Oeschger, Rixey, Mattison and Burns.

BROOKLYN AIDS BOSTON TO TAKE FIRST PLACE.

Brooklyn, Sept. 2.—New York dropped out of first place in the National League today, losing 2 to 6 to Brooklyn, which advanced to fifth position. Marquard was knocked out of the box in five innings, Brooklyn making 11 hits, including five doubles and a triple. Pfeffer had the Giants blanked until the seventh.

New York .....000 000 110—2 8 1
Brooklyn .....210 120 00x—6 11 0

Marquard, Schauer, Schupp and Meyers and Miles; Pfeffer and McCarty.

ST. LOUIS DROPS ONE AND TIES THE SECOND.

St. Louis, Sept. 2.—Pittsburg, by mixing hits with battery mistakes today won the first game of a double header with St. Louis 4 to 1. When Umpire Hart called the second game because of darkness at the end of the 11th, the score was tied at one to one.

Pittsburg .....000 003 010—4 6 1
St. Louis .....100 000 000—1 6 2

McQuillan and Coleman; Perritt, Robinson and Wingo.

Second game:

Pittsburg .....000 000 001 00—1 10 1
St. Louis .....000 100 000 00—1 6 1

Adams and Coleman; Doak and Wingo and Snyder.

CINCINNATI COPS THE GAME FROM CHICAGO.

Cincinnati, Sept. 2.—Bunching of hits combined with Vaughn's wildness enabled Cincinnati to win from Chicago today 4 to 3. For five innings Vaughn pitched excellent ball, but weakened after that.

Chicago .....100 002 000—3 10 0
Cincinnati .....000 004 00x—4 6 4

Vaughn, Humphries and Archer; Yingling, Schneider and Clark.

ALL FAVORITES WIN IN GOLF TOURNAMENT.

Manchester, Vt., Sept. 2.—Every favorite was winner today in the second round of the National Amateur Golf Championship tournament at the Ekwanok Country Club. Jerome D. Travers, title holder; three former former champions—Walter J. Travis, W. C. Fownes, Jr., and Robert A. Gardner—and the former open champion, Francis Ouimet, amateur champion of France, were the survivors.

Interest in the day's competition centered in the match between Travers and Eben L. Byers, who yesterday defeated Charles Evans, Jr. Travers won by five up and four to play.

After a stiff contest in the 14 round Ouimet, in the afternoon play won easily from W. I. Howland, Jr., and was four up at the turn. He won at the 14th by four up.

RAIN INTERRUPTS RACING AT SYRACUSE YESTERDAY.

Syracuse, N. Y., Sept. 2.—Rain today interrupted the racing at the Grand Circuit meeting held in connection with the New York State Fair. Five heats were contested, but no one of the four numbers on the programme was completed.

Two heats were raced in the Empire State stake of $10,000 for 2:14 trotters and in both Lassie McGregor, the favorite, was beaten. In the Syracuse stake of $5,000 for 2:11 pacers, King Couchman, the favorite, was pressed hard by Napoleon Direct. In the first heat Geers was in fourth place at the three-quarter pole and within inches of the winner at the wire.

COUNCILS DEFEATS CLARKTON ON THE LATTER'S DIAMOND.

Clarkton, N. C., Sept. 2.—Councils and Clarkton baseball teams crossed bats here this afternoon with result of game 11 to 4 in favor of the visitors. Herbert Holmes, for Councils, was in fine shape, only allowing three hits throughout the game, also the batting of Trust and King for Councils were features of the game.

THEATRICAL

The Victoria Monday.

Wilmington theatre-goers have certainly whetted up their amusement appetite to a keen edge in anticipation of the opening of Wilmington's theatrical season on Labor Day, the honor of the inauguration falling to the happy lot of the Victoria Theatre, the Keith Vaudeville house in this city. Everything is spick and span for the opening and the occasion is going to be a brilliant success. The Victoria was indeed happy in selecting Labor Day for the opening, which will add to the holiday celebration in this city. The season's initial bill is going to be a rouser.

The management made announcement of the headline acts yesterday, and they are hummers. Each is a recognized act and will jump direct to Wilmington from one of the larger Keith theatres in the North. These headliners are Little Lord Roberts, the greatest singing, dancing and jesting Lilliputian comedian on the stage and who was booked to spend this winter in Europe, but had to remain in the United States on account of the war, as other big acts will have to do; Twisto, the noted novelty artist, who presents an act that will startle and that is something real unique; and the well known Morin Sisters, and if there is anything Wilmington theatre-goers like, it is a sister act, such as these clever, charming young women present.

"Brewster's Millions" Today.

The long expected day has arrived. Today the Grand Theatre, the popular joy spot of Wilmington, will offer to the folks of Wilmington the celebrated New York dramatic hit, "Brewster's Millions," with the original cast, headed by the noted actor, Edward Abeles. This undoubtedly is going to be the feature attraction of the season; not alone at the Grand but at any movie theatre in the city. "Brewster's Millions," as well informed theatre-goers know full well, was one of Broadway's biggest hits and when it was made into moving pictures a few weeks ago there was instantaneous demand for the film. This big dramatic spectacle is in five big parts, including 240 scenes. It is not only a mammoth production, but the most brilliant ever seen in Wilmington. It cost much extra for the Grand to land it, but the price of admission will be of the small variety—10 cents for adults and 5 cents for children, which is the smallest ever charged for this great presentation. In order to give every one ample chance to witness the show the performances will begin at 11 o'clock this morning and continue, without interruption, until 11 o'clock tonight.

Feature Day at Bijou.

Again today will be feature day at Wilmington's most popular amusement center, and promises to draw crowds second only to the "Trey O' Hearts" day yesterday.

Today the 11th episode of the great "Perils of Pauline" Serial, the famous Eclectic photoplay serial played by the famous Pathe Players, will be presented, featuring that graceful screen star, Miss Pearl White. In this the 11th chapter of her adventures, some of the most exciting action of the entire series takes place. Among other things, she is in an auto wreck, is turned into a cage with lions, and several other diabolical plans of the villains who are attempting to get her out of the way.

Today marks the appearance of another notable feature, one that would alone pack the capacious theatre from "pit to dome". It is a special Victor two-reel release, "Weights and Measures," and features that famous screen star, J. Warren Kerrigan, in the leading role. Can a politician be honest and be a politician? Certainly the average city or state government offers a rich field for the grafter. In "Weights and Measures" this question is taken up in a notable manner, and the process is laid bare in all its startling details. The woman in the case, Vera Sisson, is the trump card to inveigle the honest office-holder.

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY, INC., Wilmington, N. C.

Entered as second class matter at the postoffice at Wilmington, N. C., under Act of Congress March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily and mailed to subscribers outside the city at $6 per year; $3 for six months; $1.50 for three months; or served by carrier in the city at 60c. per month, or, when paid in advance, $7.00 per year; $3.50 for six months; $1.75 for three months.

THE SUNDAY STAR by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate and like matter will be charged at the rate of 10 cents per line, to persons carrying a regular account, or, if paid cash in advance a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, excursions, society meetings, political meetings, etc., will be charged under the same conditions, except so much thereof as may be of news value to the readers of the paper, in the discretion of the editors.

TELEPHONES: Business Office, No. 61. Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and, if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

ALL DRAFTS, checks, express money orders and postal money orders for the paper should be made payable and all communications should be addressed to

THE WILMINGTON STAR CO.

THURSDEY, SEPTEMBER 3, 1914.

Who out your cotton?

Miss Annfidiate is not always late in wear.

Those "feet of clay" are being smashed.

Behold, what can take place in the brief space of five weeks.

In order to get up in the world some men do it by push. Others do it by pull.

Going forward or retiring tell the two stories as they suit contending armies.

Servia is the goat of the great European war and Turkey is the goose.

The liquor fight in Virginia is so fierce that it is likely to result in a lot of broken mugs.

None but the dumb man can keep from getting into a war argument if he gets into a crowd on the street.

Within a month four wars were on in Europe, and the fifth is on the eve of starting, all being blood relations.

Says the Richmond Times Dispatch: "Good citizens should stand together." They seem to prefer to get together and lie.

Paradoxical as it may seem, there was nothing "bum" about the German monoplane that hovered over Paris.

"My Country 'Tis of Thee," we sing, but a great many of us are out of tune. We can't get our notes discounted.

Who's holding down Captain Hobson to keep him from jumping up about evern five minutes to yell out "I told you so?"

A man who is always flying off the handle is bound to hit the ceiling. As Happy Hooligan would say "Compose y'rselves, gintlemin."

A lion and a lamb laid down together in Africa not long ago but it should be stated that the lion was on the outside of the lamb.

There are so many "plans" for saving the cotton crop from a bad break in price that it reminds us that "too many cooks spoil the broth."

Instead of designating one of the contending forces in the European war as "allies," we think the whole bunch of fighters should be called "all-lies."

France has the most daring aviators and the best aeroplanes, so we need not be surprised to hear that a few bombs have been dropped in Berlin. "Turn about is fair play."

If it is true that the Cossacks have been cutting Austrians in two with their swords, the latter must have been clad in the Georgia uniform—"a shirt collar and a pair of spurs."

The New Jersey Presbytery is in favor of firing one of the big guns at Princeton University. He is a professor who is charged with being a heretic. Heretics and cattle ticks must go.

Having gotten into trouble a few months ago in Mexico, Richard Harding Davis now succeeds in getting himself arrested in Germany on the charge of being a spy. Richard is no spy. He is the modern Jonah.

While the young will soon be in school again, more history is being made for them to study in the making and later to be written into the school histories a year hence. It is owing to who are writers of histories whether they get the truth.

Twenty-five years ago it was believed that diplomacy would put an end to wars, but as the quarter of a century passes, it is evident that what was supposed to be diplomacy was a chess game of chicanery. The result thereof is wars and rumors of wars.

GETTING EVEN IN EXCHANGE OF PRODUCTS.

It is an old story that the South raises early Irish potatoes for the Northern markets, and in the fall buys back ten times more potatoes than it ships. We depend on the North for our seed potatoes in the spring and really that is all the potatoes that the South should ever have to buy. Since this is distinctly a potato growing region, producing two crops a season, it is one of the ironies of economics that we do not produce enough to eat all the year round.

Southern communities and sections do not even trade among themselves, but they are beginning to do so, because the Parcel Post and the Southern Express Company, through its parcels and industrial department, are affording them the means of cheap intercommunication. Right now we venture the assertion that Wilmington is buying from the North and West products that are going to waste in Western North Carolina.

The Parcel Post has stirred up the Southern Express Company to a keener competition, and if there is any benefit to be derived from it the farming communities certainly get theirs, if they are on the job. A case in point is furnished by the Lavonia (Ga.) Times which shows the advantage of that means of transportation and exchange. Strange as it may seem, the Georgia community is now shipping snap beans and other vegetables over into Florida, paying the Florida folks back in their own coin. Florida ships Lavonia early vegetables while Lavonia turns the tables by shipping her later products to Florida.

The Lavonia Times gives the Southern Express Company credit for it. The express company has seen its opportunity to haul Florida truck to Georgia early in the spring, and in turn to haul Georgia truck to Florida in the late summer and fall. The express company has kept an industrial agent around Lavonia and Cordelia continually for two years to promote the trucking industry. This industrial agent assists in selecting the soil, selects the seed beans, advises in the cultivation, aids in the harvest, finds the markets and aids in the shipping. As a result, Lavonia is now shipping beans and other vegetables back to Florida in great quantities. The Lavonia paper puts it this way:

"In the early spring Florida ships vegetables to this section in large quantities. A little later on the supply in Florida becomes exhausted and they have to depend on other markets for their consumption. The Southern Express Company is promoting an industry to supply this Florida demand. And what does the express company get out of it? Just the traffic, that's all. The company hauls beans to us from Florida in the early spring, and in the summer the same company hauls beans from us back to Florida."

With the Parcel Post and express company offering the rates and facilities, it is time the various sections of North Carolina were using them in bringing about an exchange of their commodities. It is simply a matter of knowing how to get together, and if we do not know the probability is that the express company will have to let us know.

WHY THE PEOPLE COMPLAIN.

With more than 600 cases on the docket and more than 1,000 litigants who have a right to have their cases settled whether attorneys wish to try them or not, the laweyrs of Guilford county met a few days ago and decided not to make up a calendar for the two-weeks September term of court, and this term probably will be abandoned, according to The Star's Greensboro correspondent, who is himself a lawyer.

To those who have had occasion to observe Judge W. A. Devin's work in the capacity of a public servant, it is no surprise to learn that he does not approve the practice of abandoning two weeks terms of court in counties whose dockets are congested and that he has told the Guilford lawyers that if a calendar is not made up for terms in the future when he is riding the district, he will convene court on the first day of the term and take up the docket with the first cases and proceed to call through the docketing, non-suiting cases in which there are no pleadings and apparently no effort to get them tried.

The Star's correspondent remarks that there is no excuse for the attorneys doing away with the present term of court and very aptly remarks that it is such practices as this that bring courts and attorneys into disrepute.

CLOSING OF PORT NO HOSTILE ACT

When Carranza, now provisional President of Mexico by conquest, ordered the port of Vera Cruz closed the other day lots of people in this country thought it was the first step towards an attempt to drive the American soldiers out of that city, but instead it was an attempt to increase the income of the national strongbox which has been sadly depleted by the numerous presidents, provisional presidents, revolutions, etc., with which Mexico has been afflicted in the recent past.

Carranza entered Mexico City to find the government without funds and deeply in debt. It was his function to re-establish the government and to put it on a paying basis. In an attempt to do so he conceived the idea that the American collector of customs at Vera Cruz was taking in customs that perhaps could be gotten in some other port, so for that reason he ordered the port closed in order that coastwise or other shipping that complied with his order would have to take their cargoes to ports other than Vera Cruz where the customs collections would find their way direct to the Mexican treasury.

In collecting customs at Vera Cruz the American government is not putting it in its own pocket, but is holding it in trust till such a time as it sees fit to turn it over to the Mexican government. Carranza needs the cash, however, and while he knows that in ordering the port of Vera Cruz closed he is robbing Peter to pay Paul in this case, Paul being Carranza's government at the present and Peter being Carranza's or some other Mexican's government in the future, he prefers that Paul should have the money.

His order will work a small hardship on the American forces at Vera Cruz because some of their supplies have been coming in from the Mexican coast, but, taken as a whole, international commerce will disregard the order of Carranza and will make its accustomed runs to the port now held by Americans.

Carranza has called an election for some time in November to elect a President of Mexico, at which election he probably will be a candidate. After constitutional elections shall have been held and a president and congress elected in the proper manner Uncle Sam has promised to take his troops away from Vera Cruz and it is to be hoped that the election to be held in November will be properly conducted and peace will again be a reality in Mexico.

A small revolution has arisen in the southern part of the republic, but the party in power can expect to have those breaking out every once in a while until the fighting spirit in the Mexican peon has subsided and he has accustomed himself to the quiet life of tilling the soil once more.

Uncle Sam has been to Mexico the kind of a friend that a strong, ablebodied man is to the crazy person whom he watches and sometimes holds to see that he doesn't do himself bodily harm. When peace is restored in Mexico the United States government will take her troops away from Vera Cruz and be glad to restore that port to the sovereign republic.

NORTH CAROLINA EXPORTS.

First thing you know North Carolina will begin to see her opportunities. With only a few commodities entering into the State's export trade heretofore, it will be discovered that there are numerous commodities for which there is a large demand abroad.

It is hardly worth while to even try to name some of the numerous commodities which we could export, if we would try, but we will take furniture for instance. The Charlotte News tells us that "the furniture manufacturers at High Point seem determined to force a way into the South American trade." Through what port, we wonder? That trade can easily be reached through the port of Wilmington, and probably the High Point manufacturers do not know that a few years ago a lot of their furniture was brought to Wilmington and exported to Central America.

A saw mill man was the exporter. He was shipping lumber in sailing vessels and happened to go out with a cargo. He found out that there was a demand for certain grades of furniture and when he went out on his next voyage he carried furniture as well as lumber. He said he sold both as soon as he got to the wharf, and made a good profit.

Our esteemed Charlotte contemporary states that the "High Point manufacturers have decided to send representatives to South American countries and propose to use every means at hand to establish an export business. They also are working through government agencies and will take advantage of the present opportunity to secure the rich trade offered."

That is the only way to expand trade. When the High Point furniture manufacturers begin exporting furniture, it will add one more article of export from North Carolina. However, if it goes through any other port than Wilmington, the port used will get the credit for it.

Quite aptly The News emphasizes the fact that "the manufacturers are setting the proper example of progressiveness," and our esteemed contemporary adds that "in this day of fierce competition one must go after anything and keep going." Sure! If we seek, we shall find.

"As we stand amidst the wreck and ruin of nations, there comes a moment of calm and grim composure." That is the way the school boy's oration used to start off, but the boy had no more composure than those of us who actually are looking on at the wreck and ruin of nations.

Woman furnishes the grace and man supplies the disgrace in many a family all over the world.

CURRENT COMMENT.

We suppose they will keep on discussing plans for holding cotton and protecting the producer until the crop has been bought by speculators for some millions of dollars less than it is worth.—Greensboro News.

"I don't know what I will do with my cotton, but I am going to turn my seed into meal and turn my meal into corn, and turn part of my corn into meat," was the remark of a Robeson farmer recently. This farmer has the right idea and if many others would resolve to do the same stunt times might change for the better. The man who raises something to eat is going to be on top in the future.—Lumberton Robesonian.

The Belgian delegation now on the way to the United States to present to President Wilson a formal protest against Germany's violation of the rules of civilized warfare is on an errand that is useless at this time. Sympathize as we may with the afflicted everywhere, it is not for this country to say how wars in Europe shall be conducted. Belgium and its allies have the matter in their own hands, and they ought to be able to make their indignation felt in unmistakable ways at home.—New York World.

"One man can't run a town. It takes an organized force of unselfish people to do the job."—South Boston News. Experience within our own observation has demonstrated both those propositions to be inaccurate. We have seen great cities dominated for years by one man: Croker in New York and Cox in Cincinnati, for examples. And The News would not have to go outside of Virginia for several instances in which a very small crowd of selfish people have sufficed for the job.—Richmond Times-Democrat.

"America can provide everything to eat and to wear that her people are compelled to have," an exchange remarks. And there are mighty few things that North Carolina would have to buy outside its own borders if its people would get right down to business. The war is going to make the United States more self-reliant and it will be surprising if it does not by suggestion influence the States which have been backward in certain respects, to go ahead and overcome the shortcomings. Especially does North Carolina need to raise more of the things its people and its live stock eat.—Raleigh News and Observer.

"The year we had the big apple crop," is one way 1914 may be referred to in time to come. The Observer has carried reports from the section around Waynesville. The same story is to be told of orchard conditions in Watauga, Ashe, Alleghany, Avery, Wilkes and other counties in that part of the State. The apples do not grow singly, but in bunches of fours and sixes, almost apple for blossom. The mountain landscape is dotted with trees whose red clusters shining against the background of green leaves makes a picture one never tires of looking upon. This is certainly an apple year in the mountains.—Charlotte Observer.

France is using the fire-eating Turcos against Germany. England is planning to bring over some of her native Indian regiments. Russia is using the fierce fighters who live northeast of the Caspian sea. And now the allies are talking of pouring 300,000 Japanese into France to help hold back the German advance. All of these so-called heathen peoples, most of whom think that dying on the field of battle is the best way to jump quickly into Paradise, will be shown how Christian fights Christian, and they will also impart a few lessons in the art of fighting to their allies. When it comes to willingness to kill and be killed the Christian and the heathen are very much alike.—Savannah News.

Judge Rountree, holding court in Durham, is a man after our own heart. He opposes the rotation of judges and is everlastingly right about it. He favors each district keeping its judge because he soon becomes familiar with conditions and can do much more work. Another thing is that a district that wants to pay a political debt cannot hoist an incompetent on another district. Rotation was adopted in reconstruction days in order to let the judges be voted for by the State at large in order to beat the carpet-bag judges at one time infesting the State and it accomplished the purpose, but there is no occasion for it now, though probably eight attorneys out of ten in the State prefer the present plan. "There is a reason." It is easier to fool a new man than one perfectly familiar with local conditions.—Greensboro Record.

How to Get Rid Of Skin Trouble

A Handsome Skin Book Free That Will Guide You.

So many people fuss in despair over stubborn skin afflictions that some rules laid down in connection with the use of S. S. S. for the blood will be of great value. These are outlined in a hand book, finely illustrated, of the many variations in skin troubles. It tells how to overcome them.

If you have been fighting some blood trouble, some skin disease, call it eczema, lupus, psoriasis, malaria, or what you will, ask at any drug store for a bottle of S. S. S. and you are then on the road to health. The action of this remarkable remedy is just as direct, just as positive, just as certain in its influence as that the sun rises in the East. It is one of those rare medical forces which act in the blood with the same degree of certainty that is found in all natural tendencies. The manner in which it dominates and controls the mysterious transference of rich, red, pure arterial blood for the diseased venous blood is marvelous.

There is scarcely a community anywhere but what has its living example of the wonderful curative effects of S. S. S. Get a bottle of this famous remedy today, and if your case is stubborn or peculiar, write to Medical Dept., The Swift Specific Co., 535 Swift Bldg., Atlanta, Ga.

Do not permit anyone to talk you into a substitute for S. S. S.

For Sallow, Blotchy, Rough or Greasy Skins

Some skins require constant grooming to keep them from becoming oily, muddy, blotchy or rough, or if such condition has developed, to overcome it. In such chronic cases it is particularly inadvisable to keep piling on cosmetics which clog the pores, collect dust and dirt, making the complexion worse than ever. It's a lot more sensible to use ordinary mercolized wax, which literally absorbs a bad complexion. Apply the wax, like cold cream, before retiring; next morning, in washing it off, you'll wash away fine, flour-like particles of the unsightly cuticle. Repeat for a week or two and you'll have an entirely new skin—soft, satiny, spotless and beautiful as a child's. One ounce of mercolized wax, procurable at any druggist's, is all you'll need.

If the skin be wrinkled or flabby, here's the best possible remedy: Mix ¼ pint witch hasel and 1 ounce powdered saxolite and use as a face bath. It works like a miracle, yet is entirely harmless.

WOMEN FROM 45 to 55 TESTIFY

To the Merit of Lydia E. Pinkham's Vegetable Compound during Change of Life.

Westbrook, Me. — "I was passing through the Change of Life and had pains in my back and side and was so weak I could hardly do my housework. I have taken Lydia E. Pinkham's Vegetable Compound and it has done me a lot of good. I will recommend your medicine to my friends and give you permission to publish my testimonial." — Mrs. LAWRENCE MARTIN, 12 King St., Westbrook, Maine.

Manston, Wis. — "At the Change of Life I suffered with pains in my back and loins until I could not stand. I also had night-sweats so that the sheets would be wet. I tried other medicine but got no relief. After taking one bottle of Lydia E. Pinkham's Vegetable Compound I began to improve and I continued its use for six months. The pains left me, the night-sweats and hot flashes grew less, and in one year I was a different woman. I know I have to thank you for my continued good health ever since." — Mrs. M. J. BROWNELL, Manston, Wis.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled in such cases.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Bids For Street Work

Sealed proposals for grading and paving certain streets in and for the City of Wilmington, N. C., wil be received by the Councilmen, at the City Hall, up to 12 o'clock, noon, September 1st, 1914, and at that time they will be opened and publicly read, addressed to B. A. Merritt, Councilman of Streets, and endorsed "Proposal for Paving Streets."

The work for which proposals are invited consist approximately of 18,000 square yards of Bithulithic Pavement.

Each proposal must be acompanied with a certified check in the sum of five (5 per cent) per cent of the contract price, made payable to the Mayor of the City of Wilmington.

Specifications and blank forms of proposals can be obtained by application to the Councilman of Streets, and a full set of plans can be seen atthe office of the Engineer, or of the Councilman. The right is reserved to reject any and all bids.

F. F. PILLET, City Engineer.
B. A. MERRITT, Councilman of Streets.

COUNCIL LETS MARKET STREET PAVING JOB

Mayor Moore's Vote Decides the Tie Yesterday Morning

Atlantic Bitulithic Company Awarded Contract for Approximately 17,000 Square Yards Paving at $2.19.

With Councilmen Loughlin and Chadwick voting in favor of the acceptance of the Atlantic Bitulithic Company's bid of $2.19 a square yard for paving Market street from 10th to 17th, and Councilman Merritt and Jones voting against it, Mayor P. Q. Moore cast an affirmative vote yesterday morning at the regular weekly session of Council and broke the tie in favor of the acceptance of the bid.

The vote on the bid followed an extended discussion of the matter, participated in by members of Council, interested citizens and a representative of the paving company.

Both Councilmen Merritt and Jones took occasion, before the matter was put to a vote, to explain that they were still heartily in favor of the improvement of Market street, and that they doubted whether a better material than bitulithic could be found, but that they would vote against the acceptance of the Atlantic Company's proposal on the ground that the spcifications had debarred competitive bidding, and that they felt that a contract involving such a large amount should not be let except by competitive bidding.

The contract calls for the improvement of both sides of Market street, from 10th to the city limits at 17th, with bitulithic on a four inch concrete base. It involves approximately 17,000 square yards of paving, and the total cost of the job will be around $40,000. The Atlantic Company will take the city's note or notes for the amount, to run four or five years as is desired, at an interest rate of six per cent.

When the matter was reached yesterday morning, Councilman Merritt stated that Mr. Jones and himself had first brought up the matter of improveing Market street, and that no one wished to see the thoroughfare improved more than he did. However, he did not think that the city was getting a good enough price for the work. He said that Charlotte had put down a large quantity of bitulithic paving at $1.44 a square yard and that Columbia, S. C., had also put down some at $1.75.

Mr. Woodruff, a representative of the Warren Company, controlling the bitulithic patents, which corporation receives a reyally of 25 cents a square yard on all bitulithic paving put down, said that Mr. Merritt was mistaken about the price of the paving in Columbia. There had never been a yard laid in that city for less than $2.12.

As to the Charlotte instance, he said a paving contractor had put in a very low bid meraly for the purpose of ridiculing the price of the Atlantic Company, and with no idea that the contract would be awarded to him. However, it was, and after he and made b neffort to get an injunction to prevent the city from forcing him to carry ou' his contract, in which effort he failed, he had been compelled to live up to his contract at a heavy loss to himself.

He also read a letter from the members of the City Council of Rockingham, N. C., where the same contractor referred to had put down some bitulithic paving at a comparatively low figure. The letter stated that the work was not done according to standard speifications and had turned out very unsatisfactorily.

Mr. Woodruff said that the price at which bitulithic is laid in different cities by reputable contractors varies only in proportion to the cost of material laid down in the different cities.

Councilman Jones said that he was opposed to letting the contract to the Atlantic Company on the ground that he did not believe that one-tenth of the citizens knew anything about the matter. The specifications calling for bids, he said, absolutely debarred any other concern from bidding on the work, and he did not think this was fair to the city, or to the taxpayers.

He cited the fact that when his department purchased an automobile patrol, he was roundly criticized because the specifications he furnished were those of a White machine, and he said that this criticism was a just one, had it not been for the fact that when he drew up the specifications he did not know that they applied to only one type of car. He pointed out that this involved the expenditure of only $3,200, while here was a contract calling for the expenditure of some $40,000, and no one was attempting to criticize Council for confining the bidding to only one material.

He said he felt that his first duty was to the taxpayer, and that in view of this fact he could not vote to award the contract where there had been no competitive bidding.

Mr. M. W. Jacobi thought that the city's experience with bitulithic paving on Market and Third streets had demonstrated that it was the most satisfactory for residential sections, and he thought that the experience of other cities also had demonstrated this. He saw no reason for holding back simply because that material was controlled by one company.

Mr. R. H. Northrop said that he thought Market and Third streets, paved with bitulithic, were the only streets on which the city had gotten the worth of its money expended for improvements.

Mr. B. Solomon also thought bitulithic was the best material, and saw no reason why the contract should not be awarded to the Atlantic Company. He was sure 90 per cent of the citizens of Wilmington were in favor of the improvement of Market street with that material.

Mr. C. C. Chadbourn, Herbert McClammy and several others also spoke in favor of letting the contract to the Atlantic Company.

Councilman Loughlin then moved that the bid of the Atlantic Bitulithic Company be accepted, and the motion was seconded by Councilman Chadwick. Before Mayor Moore put the question, both Mr. Merritt and Mr. Jones explained their positions, as outlined above.

Mayor Moore then put the question. Councilman Chadwick and Loughlin voted in favor of accepting the contract, while Councilmen Merritt and Jones voted against it, leaving the matter tied up.

"The Mayor breaks the tie with great pleasure and votes aye," declared Mayor Moore.

UNUSUAL FEATURES TO MEETING OF COUNCIL

Mr. O. H. Kennedy Refused License for Market

Letting of Brick Contract to be Investigated—Mayor Moore Twice Broke Tie Vote—Electric Busses Are Planned.

Featured by the fact that twice Mayor Moore was called upon to break a tie vote, the weekly meeting of City Council yesterday morning was somewhat unusual. In addition to breaking the tie vote on the the Market street paving proposition, as told in another column, the Mayor also broke a tie vote on the question of granting Mr. O. H. Kennedy license to conduct a meat market on his property near Fifth and Castle streets, casting a negative vote.

Another somewhat unusual feature was a communication from Mr. Frank T. Mills, stating that the contract for hauling brick for paving Fourth street to the city limits had been let to a person who does not own a team, and that this party had sub-let the contract at a figure that netted him a profit of about 50 cents a thousand.

Commenting on the communication, Councilman Jones said that he had received a number of complaints about the matter, citizens coming to him and asking him about it, and that he had been forced to tell them that he did not even know that such a contract had been let. He asked that Councilman Merritt make an investigation of the matter and report to Council.

Councilman Merritt said that he understood that the contract had been let by City Engineer Pillett, and that he had instructed Mr. Pillett that in the future all such matters should come through the Streets and Wharves department.

The suggestion was made that further payments on the contract be held up, but Capt. Thos. D. Meares, the City Clerk and Treasurer, informed the members of the body that practically the full amount had already been paid. Councilman Merritt was asked to make a full investigation and report at the next meeting.

Market License Fight.

Mr. Kennedy's application for a license to conduct a market and grocery store on his property near Fifth and Castle had been held over from the last meeting. Mr. Kennedy has conducted a market at Fifth and Castle for a number of years. When the matter was reached yesterday Councilman Merritt stated that Councilmen Chadwick, Jones and himself had talked to many of the ladies living in that section of the city, and that they strongly objected to the proposed location of the market.

However, since the conference with the ladies, he understood that Mr. Kennedy had a petition signed by all those living in the vicinity, save one, favoring the location of a market there,and, therefore, he was in favor of granting the license.

Dr. J. C. Wessell, on behalf of himself and Mr. Virginius Hall, both of whom own property in the vicinity, spoke in objection to the granting of the license.

Woodus Kellum, Esq., appearing for Mr. Kennedy, said that his petition contained 140 names, while a petition presented by the opposition contained only 23 or 24 names.

Brooke G. Empie, Esq., said that he had been asked by the Housewives' League, to put in an objection against

(Continued on Page Six)

FALL CAUSED HIS DEATH

Mr. W J. Bass Died at Walker Memorial Hospital Yesterday—Body Sent to Emporia, Va.

Mr. W. J. Bass, an insurance agent, formerly of Margarettsville, N. C., died yesterday morning at 6:50 o'clock at the James Walker Memorial Hospital of alcoholic mania, which was precipitated by a fall early last Thursday morning from his bed room window on the second floor of the residence of Mr. L. A. H. Koeth, No. 202 Orange street. He was supposed to have stepped from the window during a period of sonambulance and fell 20 feet below to a fence coping, breaking a leg just above the knee and suffering a painful injury of the back.

He was found in a semi-conscious condition by Policeman Marcus Gray, but could not tell in a coherent way just how the accident had occurred. While he seemed to be in a highly nerous condition he did not appear to be heavily under influence of whiskey That he had been drinking is indicated, however, by the physician's record which attributed his death to alcoholic mania. It it well known that where the system has been weakened by the use of intoxicants that a severe shock such as Mr. Bass suffered will bring on the disease commonly known as delirium tremens when otherwise it would not have occurred.

Mr. Bass was 52 years of age and nothing was known here yesterday as to his past, further than that he had said that he had a sister living in Emporia, Va. When he entered the hospital he gave the name of Jos. D. Garriss, of Emporia, Va., as reference. Garlss was notified of the death of Bass yesterday and wired that the body be prepared for burial and sent to Emporia. Mr. W. E. Yopp, the undertaker, took charge of the remains and shipped the body to Emporia on the 6:45 train last night.

Mr. Bass had lived in Wilmington for sometime. He was formerly employed by a Durham insurance company, but had been out of the city for several months, returning about ten days ago, He secured a room at the residence of Mr. Koeth, telling him at the time that he was a sonambulist. On the morning that he fell from the window Mr. Koeth heard someone walking about in his room, but did not think anything of it. Mr. Koeth did not know of the accident until the injured man was found by Policeman Gray.

Mr. Bass was bitten last summer by a cat which was supposed to have had the rabies and went to Raleigh to take the Pasteur treatment.

PASSENGER AGENTS IN ANNUAL MEETING

Atlantic Coast Line Officials Planning for Winter

Representatives From All Sections of The South and East Attending Conference—Optimistic Over Outlook for the Future.

A score or more of the division and district passenger agents of the Atlantic Coast Line arrived in Wilmington yesterday to attend the annual conference for the discussion of plans for handling the fall and winter business of the Standard Railroad of the South. The sessions will continue through today and possibly tomorrow. The conference of prominent passenger officials is an annual feature with the Atlantic Coast Line and besides affording an opportunity to discuss matters of business is also instrumental in getting the men together in a social way.

This is the first time that a number of these officials have had an opportunity to visit Wilmington. They have been very much impressed with the many evidences of growth on every hand. One of the officials who had not been to Wilmington before in seven years was especially gratified to note of the wonderful progress that the city has made in that time.

The conference of the officials is being attended by Mr. W. J. Craig, passenger traffic manager, and Mr. T. C. White, general passenger agent. The meetings are entirely informal and are devoted to a discussion of ways and means for improving the splendid service already afforded by the Coast Line, not only to all points in the South but f rom the North and East as well.

All of the officials report business to be in fine shape in the sections covered by their territory and it is safe to say that a more optimistic body of business men would be hard to find.

The Atlantic Coast Line has made many improvements in its passenger service during the past year and, being one of the actively growing roads of the country, has still greater aims in view for the future for giving the very best service to its patrons.

Included in the list of arrivals of officials yesterday were: J. H. Johnson, New England Agent, Boston, Mass.;

(Continued on Page Six)

FATALLY INJURED BY ENGINE

Mr. W. B. Horne, Jr., of Vander, Died in Hospital Here—Accident Near Farmer.

Mr. W. B. Horne, Jr., of Vander, Cumberland county, an employe of the Atlantic Coast Line, died at the James Walker Memorial Hospital yesterday morning at 6 o'clock following an accident a few hours before near Farmer, in Brunswick county, when an engine ran into a hand car which Mr. Horne, four negroes and a white boy were using to go from Farmer to the place where they were in camp. The accident occurred about 1:30 o'clock yesterday morning and the injured man was brought at once to the hospital, on the engine.

Mr. Horne's home was at Vander, but he had been employed by the Atlantic Coast Line as a section foreman since last January. He had charge of a force of men which had been at work between Farmer and Newberlin. They were living in a camp near Farmer and Mr. Horne, who had only been married six weeks, went to Farmer Tuesday night to visit his wife's father, Mr. E. W. Skipper. He was expecting to be transferred to Darlington, S. C., yesterday.

The engine and caboose, which was run as an extra from Florence, S. C., to Wilmington, slipped up on Mr. Horne and those with him as they were on their way back to the camp. They had time to leap off the car and none were injured to any extent except Mr. Horne, who evidently was making an effort to remove the car from the track. Both of his legs were badly mangled and also one of his arms. The engineer applied his emergency brake as soon as the hand car was seen, but not in time to avoid a collision.

The deceased was 29 years old and was a son of Mr. W. B. Horne, Sr., of Vander. Surviving him are three sisters: Mrs. J. M. Graddy and Mrs. Frank Graddy, of Fayetteville, and Miss Margaret Horne, of Vander, and two brother, Messrs. George and David Horne, also of Vander.

Mr. J. M. Graddy, his brother-in-law, Mr. George Horne, his brother, and the wife of the deceased, arrived in the city yesterday morning and accompanied the remains, which were taken to Vander on the 6:30 train last evening. The body was prepared for burial at the funeral parlors of Mr. M. H. Brimmer. The funeral will take place at Vander this morning at 10 o'clock and the interment will be in the family burying ground.

Officials of the Atlantic Coast Line stated yesterday that they did not know any reason why the deceased should have been on the car at 1:30 o'clock in the morning, as the use of hand cars on the tracks after dark is strictly prohibited by the rules of the company.

DERAILMENT ON A. & Y.

Local Freight Accident Blocked Line For Several Hours.

Four loaded box cars and one empty flat car on A. C. L. local freight No. 323, from Wilmington to Sanford, were derailed yesterday afternoon about 2 o'clock at Hayne, 15 or 20 miles east of Fayetteville, blocking the main line until 9 o'clock last evening.

No one was injured and the damage to equipment was not very heavy. Passenger train No. 52, from Sanford to Wilmington, due at 8:05 P. M., was delayed three hours and 20 minutes and the afternoon train for Fayetteville, leaving here at 4:30, was delayed about 20 minutes.

The accident is suposed to have been due to a broken flange.

POSTAL CARD BALLOT GOES AGAINST WOMEN

Majority of 71 Shown By Canvass of the Vote

Board of Education Defers Action on Request of Women for Representation on School Committees.

Canvassing the results of the post card referendum conducted for the purpose of ascertaining the wishes of the voters of the city with reference to the question of allowing women representation on the public school committees, the Board of Education, in special session yesterday at noon, found that out of a total of 642 cards returned, 310 were against the proposition and 239 favored women on the school committees, the majority against the proposition being 71.

The board, after considering and discussing the result of the post card ballot, decided to take no action on the matter at the present time, but to let it go over until the Hemenway school building is completed, which will be about the middle of November, and at which time there will be an adjustment of the children of the different schools. It was stated that the ladies interested in the matter will be notified before any action is taken on the proposition.

Out of the total of 1,500 post cards mailed out, one to each voter registered in the last city bond election, and also one to each of the teachers of the city schools, 642 were returned to Prof. Washington Catlett, county superintendent of public instruction. Of this number 310 were against women on the committees, 239 in favor of it, while five were indifferent. The other 88 cards were returned undelivered.

Of the teachers in the city schools, 32 returned their cards, 10 voting in favor of women on the committees and 22 against the proposition.

The decision of the board to submit the question of allowing women representation on the school committees to the voters of the city followed requests that one woman be named on each school committee. The board had in mind appointing one woman each on the new committees for the Northside and Southside schools, or composing one of the new committees altogether of women.

However, pending the division of the children to the Hemenway and Union schools and the two new schools, the board decided to take no action just now. As the new Hemenway will not be completed until some time in November, the children who will attend this school will be divided among the other schools when the term opens, until the new building is ready.

The only other matter taken up at the meeting yesterday was the opening of bids for a number of contracts for filling in the Southside grammar school lot, laying sidewalks in front of the Northside and Southside schools, boring deep wells at these schools and installing sanitary closets and septic tanks at a number of the rural schools. Between 15 and 20 bids were submitted, and these were opened and considered. The board, however, did not award any of the contracts yesterday, deciding to delay this a few days in order to investigate the responsibility of the bidders, and to clear up some involved details in several of the bids.

AUGUST WAS NORMAL MONTH

Rainfall Slightly Above Usual Average—Interesting Data From Meteorological Summary.

There was nothing unusual about Wilmington weather for August according to the meteorological summary for the month, completed yesterday by Observer Felger. The rainfall for the month was 7.67 inches, which was 1.16 inches in excess of the normal for August. The mean temperature was 79 degrees while the average mean for the last 44 years is 77.6. There were thunderstorms on 12 days during the month, but no storms, as the highest wind velocity was 24 miles an hour, which was attained on the 5th.

August is normally the wettest month in the year in this section and as compared with previous months this year it was no exception, more rain having fallen than during the preceding four months. In August of 1911 there was a total rainfall of 13.85 inches, the highest ever reached here since any record has been kept.

Contrary to the general opinion of those who sweltered during many of the warm days of the month there was no excess humidity, the mean relatives humidity at 8 A. M. being 88 per cent and the mean relative humidity for 8 P. M. being 85 per cent.

The highest temperature during the month was on the 26th when the thermometer registered 92 degrees. The lowest was on the 1st, with a minimum of 65 degrees. The greatest daily range was on the 3rd with 21 degrees and the lowest was on the following day with only four degrees.

The total hours of sunshine for the month was 229.5 out of a possible 414 hours. There were only two clear days. There were five cloudy days and 24 when it was partly cloudy.

The rainfall was well distributed over the month and was especially suited to growing crops. No heavy rains of consequence fell, most of it coming in showers. The greatest rainfall for any one day was on the 13th, with 1.8 inches.

SOCIAL and PERSONAL

Miss Lucile Boushee has gone to Elon College where she will be a student during the fall term.

* * *

Miss Custys Meredith has returned from a delightful stay in the mountains near Asheville.

* * *

Herbert McClammy, Esq., has returned from Morganton, where he accompained Mrs. McClammy and children, who will spend a month at that place.

* * *

Mrs. Andrew J. Gray and little son, John Springer Gray, of Richmond, Va., have arrived to spend some time with Mrs. Gray's parents, Mr. and Mrs. John C. Springer, at The Orton.

* * *

According to recent advices received here Mr. and Mrs. James Sprunt, Mr. and Mrs. Laurence Sprunt and other members of the same party have sailed from Liverpool, England, and are expected to arrive in New York the latter part of this week. The hostilities on the continent has delayed their return.

* * *

QUIET HOME WEDDING YESTERDAY AFTERNOON

At the home of the bride's parents, Mr. and Mrs. O. A. DuRant, No. 17 South Ninth street, Miss Kate Russell DuRant was married yesterday afternoon at 5 o'clock to Dr. Herbert Grasty Dickie, of Lynchburg, Va. The ceremony was performed by Rev. G. T. Adams, pastor of Fifth Street Methodist church. While the vows were being said Miss Hattie DuRant, sister of the bride, played softly the Humoreske by Dvorake.

On account of a recent bereavement in the groom's family the wedding was very quiet and only the members of the family and a few intimate friends were present. The only attendant was Master William McGlaughon, who was ring bearer.

The bride looked lovely in a blue traveling suit with hat and gloves to match.

After receiving the congratulations of their friends the bride and groom left on the evening train for a visit to northern cities. They will return to Lynchburg, Va., where the groom is a physician.

He is a graduate of the medical department of the University of Virginia in the class of, 1907 and is a young man of bright promise. The bride is a very charming and attractive young lady of many accomplishments and has many friends in Wilmington and elsewhere.

* * *

Mr. Z. W. Pratt, who has been spending a three weeks vacation at his home here, returned yesterday afternoon to Nashville, Tenn., where he will re-enter Vanderbilt University. Mr. Frank S. Washburn, who has been Mr. Pratt's house guest for the past three weeks, returned to his home at Nashville, and will also re-enter the University.

Wrightsville Beach

The dancing of the Barcarolle by Miss Chanler and Mr. West last night at Lumina proved to be a decided hit and they were forced to repeat the dance in response to the great applause after the first dance.

There will be a souvenir dance for adults at Lumina tonight which promises to be of much interest to all who attend. Beautiful souvenirs will be given the ladies who take part in the dance. Miss Chanler and Mr. West will give their usual exhibition dances and this will add much to the pleasure of the evening.

The regular mid-week dance at Lumina last night attracted a large crowd and there were many who danced. A novel feature was the impromptu clock dance. The clock dance has been given several times before this season but previous announcement has always been made. Those in charge, however, decided to make a change and not until the couples were on the floor did they know what the dance was to be. The prize was a five-pound box of candy and was won by Miss Florence Taylor.

Tonight will mark another notable occasion as far as the motion pictures go to contribute to the general gaiety of Lumina. A notable Vitagraph drama, "Some Steamer Scooping" featuring such stars as Clara Kimball Young and Maurice Costello will head the bill for tonight. It is one of the real big full reel productions of the year, and will appeal to everyone. "A Strenuous Scoop" a rousing Selig drama comes next on the bill, and is thrilling throughout, while the comedy end is a big Pathe number, "All On Account of Polly."

PERSONAL PARAGRAPHS.

—Mr. R. B. Branch, editor of the Red Springs Citizen, was a visitor in the city yesterday on business.

—Mr. J. J. Blair, superintendent of the city schools, has returned to the city from his vacation, which he spent with relatives at High Point, and is busy arranging for the opening of the schools, which takes place the last Monday in this month.

—Governor Jennings, of Florida, stopped over yesterday on his return from Washington, where he represented the naval stores interests of Georgia, Florida and Alabama at the recent conference in Washington. He was the guest of his friend, Mr. Thos. E. Cooper, president of the American National bank, while in the city yesterday.

—Friends will regret to learn that Mr. E. S. Knight, an engineer on the Atlantic Coast Line, who was painfully injured by being knocked down by an automobile at Front and Red Cross streets Monday morning, is still confined to his home at No. 708 North Third street. The driver of the machine did not stop, and the police have not yet learned who it was.

LOCAL DOTS.

—Receipts at the Wilmington postoffice for the month of August were $11,320.10, an increase of $39.36 over the month of July, this being considered a good showing in view of disturbed business conditions.

—Yesterday the themometer in Wilmington went to 91, which is rather hot weather for September in these parts. By 8 o'clock last night the mercury had dropped to 79, but it was still sweltering and not at all pleasant. A delightful breeze from the west relieved the situation very much.

—Shade Hicks, colored, was arrested and tried before Justice Harriss yesterday on a charge of being a nuisance. Probably cause was found and he went to jail to await trial before the Recorder this morning. Hicks is said to have caused a considerable disturbance by his loud and boisterous language last week.

—The Recorder yesterday heard the evidence in the case of John Huffman, a colored boy, who is charged with stealing a pepper box and salt shaker from a restaurant on Second street. Judgment was left open. Judgment was suspended without the payment of costs in a case against Miss Mamie Fennell, charged with violating the traffic ordinance.

MRS. R. F. PIGFORD DEAD.

Highly Esteemed Woman Died at Home in Sampson County Yesterday.

Many friends will be grieved to learn of the death of Mrs. Sarah E. Pigford, wife of Mr. R. F. Pigford, of the Harrell's Store section of Sampson county, who died at her home yesterday morning at 8:15 o'clock. She was the mother of Messrs. E. J., R. W. and L. R. Pigford, all of this city, and they with their families left at once to be present at the funeral, which will be conducted from Wells' Chapel this morning at 10 o'clock. She is survived also by another son, Mr. Fred E. Pigford, of Sampson county.

She was a woman of noble Christian character and was highly esteemed by all who knew her. The bereaved family will have the tender sympathy of many friends in their great sorrow.

PASSENGER AGENTS IN ANNUAL MEETING

(Continued From Page Five)

Geo. B. Ecker, general Eastern passenger agent, New York; J. S. Hartsell, division passenger agent, Philadelphia, Pa.; W. H. Warden, agent, Baltimore, Md.; Geo. P. James, division passenger agent, Washington, D. C.; C. S. Campbell, assistant general freight agent, and W. W. Robertson, soliciting agent, Richmond, Va.; Thomas E. Myers, division passenger agent, Charleston, S. C.; T. B. Walker, division passenger agent, Augusta, Ga.; E. M. North, assistant general passenger agent, Savannah, Ga.; B. T. Morgan, traveling passenger agent, Savannah, Ga.; L. P. Green, traveling passenger agent, Thomasville, Ga.; A. W. Fritot, division passenger agent, Jacksonville, Fla.; J. G. Kirkland, division passenger agent, and Y. B. Beazley, traveling passenger agent, Tampa, Fla.; F. C. West, traveling passenger agent, Montgomery, Ala.; A. E. Jardine, general manager St. Petersburg Transfer Co., Tampa, Fla.

STREET WORK FOR AUGUST

Monthly Report of Superintendent Made Yesterday.

Through Councilman B. A. Meritt, in charge of the Department of Streets and Wharves, City Superintendent, of Street J. C. McAllister yesterday submitted his report of the street work for August to City Council. The report is as follows:

"Mr. B. A. Merritt, Councilman.

"Dear Sir: I beg to submit the following report for the month of August:

"Have cleaned all improved streets weekly.

"Built clay-gravel road on Ninth street, from Red Cross to Grace.

"Have unloaded two cars curbing on Fourth, from Smith to Hilton, also removed trees on same street and started to grade same.

"Graded sidewalk on Fourth street, from Queen to Marsteller street.

"Patched and rolled the following streets: Wright street, from Front to Sixth; Sixth street, from Meares to Castle.

"Patched and re-surfaced with Tarvia; Fourth street, from Queen to Greenfield; Greenfield, from Third to Fourth street; Front street, from Castle to Queen; Fourth street, from Nun to Castle; Fourth street, from Dock to Princess; Second street, from Orange to Market; Seventh street, from Dock to Orange; Third street, from Red Cross to Campbell, and Chesnut street, from Second to Third.

"Cleaned all sand-traps during the month, built a manhole at Front and Queen streets and laid 92 feet of 18-inch pipe.

"Have cut down and removed 11 trees and trimmed nine.

"Have had two men on plazas and attending to Postoffice Park.

"Have collected and delivered to incinerator 1,181 loads of trash.

"Have hauled 25 loads of sweepings to High School yard and sold 44 loads at 25 cents a load, receiving $11 for same."

TRAIN MAKES A RECORD.

Florida Limited of Coast Line Not Late During Whole of July.

The record made by the Florida and West Indian Limited train, the fast train of the Atlantic Coast Line, running between New York and Jacksonville, in reaching the latter place on time every day in July, is one of great pride to the officials of the Standard Railroad of the South. The "Palmetto Limited" also made a fine record during July, being late only one time.

This punctual schedule was made possible by efficient organization, the automatic electric block signals, double track facilities and other improved features.

ARRANGEMENTS COMPLETED

Programme for Labor Day Celebration Outlined at Meeting of Committee Last Night.

The committee on arrangements for the celebration at Wrightsville Beach on Labor Day met last night and completed all arrangements for carrying out the elaborate programme that will be given. Governor Locke Craig and Chief Justice Walter Clark will arrive in Wilmington Sunday evening at 6:15 o'clock and will be met by a delegation of citizens and labor leaders and escorted to the Orton Hotel, where they will be entertained during their stay in Wilmington.

This committee was appointed last night and is composed of the following citizens: Mayor P. Q. Moore and Messrs. Benjamin Bell, T. W. Clawson, James H. Cowan and Frank Herbst and the following members of the Wilmington Trades Council: Messrs. J. A. Gillerlain, C. H. Huband, W. A. Furlong, L. Riordan and R. L. Harker.

This committee will take the Governor and Judge Clark for an automobile ride to points of interest in the city and suburbs Monday morning, starting at 9 o'clock. A special car for the party will leave Front and Princess at noon for the beach, where dinner will be served.

The speaking will begin promptly at 2 o'clock at Lumina and the exercises will be opened with an address of welcome by Mayor Moore. Mr. J. A. Gillerlain, who will be master of ceremonies, will then introduce Judge Clark, who will be followed by Governor Craig. After the conclusion of Governor Craig's address the athletic events will take place.

The entertainment committee for the celebration is as follows: Messrs. J. A. Gillerlain, chairman; W. A. Furlong, L. Riordan, I. S. King, J. C. Hobbs, H. J. Everett and R. L. Harker, representing the Wilmington Trades Council, and the following committee of citizens: Mayor P. Q. Moore and the City Council, Mr. M. S. Willard, W. P. Stacy, Esq., Messrs. Z. W. Whitehead, T. E. Cooper, H. C. McQueen, W. J. Craig, J. H. Rehder, J. J. Blair, J. E. Thompson, Jas. H. Cowan, T. W. Clawson, E. D. Williams, Benjamin Bell, W. H. Sprunt, A. B. Skelding and Col. Walker Taylor.

The ways and means committee is composed of Messrs. C. H. Huband, chairman; C. T. Berfoot, I. G. Upchurch, L. Riordan, L. A. Watters and Frank LaFon.

The advertising committee is composed of Messrs. W. H. Register, chairman; T. H. Hawkins, G. W. Vernon and R. H. Burriss.

The music committee is composed of Messrs. J. J. Bell, chairman; C. C. Wilson and Walter Wood.

UNUSUAL FEATURES TO MEETING OF COUNCIL

Continued From Page Five)

the proposed location of the market, on the ground that it would mar the appearance of a residential section.

After some further discussion, Councilman Merritt moved that the license be granted, and Councilman Chadwick seconded the motion. Mayor Moore put the question, Councilmen Merritt and Chadwick voting in favor of granting the license and Councilmen Jones and Loughlin against it. Mayor Moore broke the tie by casting his vote against granting the license, on the ground that the market would be located in a residential section of the city. Mr. Kellum pointed out that other markets are located in residential sections.

Mr. Kennedy wanted to know if the action of Council meant that he could not conduct any kind of business on the location. He was informed that the vote had only been upon the application before the body, and that if he desired to conduct a grocery business he should apply for such a license.

To Operate 'Buses.—

Thos. W. Davis, counsel for the Tidewater Power Company, stated to Council that the Tidewater proposed to put in operation in a short time several electric 'buses on certain streets of the city, and wanted to know if Council would be disposed to put a higher license tax on an electric 'bus than is charged on automobiles kept for hire. Members of Council informed him that the body would not be disposed to amke any increase in the tax for electric 'buses, several stating that they would like to see such machines in operation in the city. Mr. Davis said that it was the intention of the company to put the 'buses in operation within a few months.

Chief Charles Schnibben reported that for the month of August there were 11 fire alarms, caused as follows: Lamp explosions, 2; unknown, 2; heat from stove, 2; defective flue, 2; hot ashes, 1; sparks from railroad engine, 1; oil stove, 1. The total fire loss for the month, the chief stated, would not exceed $1,200.

Councilman Jones asked that an application from H. H. Moore, for a dealer's license on Red Cross, between Fifth and Sixth, be held up until he could look into the matter.

A letter from the Board of Health was read, in which it was stated that refuse, tin cans, etc., from the incinerator had been placed as requested by Councilman Merritt, where it could be used for filling in a low place in the city's property at the incinerator plant.

Carpenters Wanted by Government.

The United States Civil Service Commission announces an open competitive examination for 13 vacancies for carpenters at King's Bluff. The wages to be paid are $2.50 a day and subsistence. No educational test will be given but applicants will be graded on physical fitness and training and experience. Applications can be had from the secretary of the civil service examiners at the Wilmington postoffice or from the Civil Service Commission, Washington, D. C. All applications must be in by September 26th.

Married Last Evening.

At the manse of Immanuel Presbyterian church last evening at 7:30 o'clock Miss Nettie Barker, daughter of Mr. and Mrs. Jno. L. Barker, became the bride of Mr. Ruport R. Lane, of this city, Rev. J. S. Crowley officiating. The ceremony was witnessed by quite a number of the friends and relatives of the young people, who extended their best wishes and congratulations. Mr. and Mrs. Lane will make their home with the bride's parents at No. 411 Castle street.

CARD OF THANKS.

We wish to express our appreciation to the many friends who administered to us in our sore bereavement, for the many expressions of sympathy, for the kind services rendered and the beautiful floral offerings sent us, when we laid to rest our loved one.

MRS. J. A. SMITH and FAMILY.

FINANCIAL AND COMMERCIAL

FINANCIAL DEVELOPMENTS FEW

Most Interesting Change is the Greater Ease Reported in the London Discount Situation.

New York, Sept. 2.—The most interesting financial development of today as from the angle was the greater ease reported in the London discount situation. Despite the extension of the British moratorium some London bankers were reported to be buying American bills, of which the supply was small, however, because of the supposed completion of purchases in connection with initial New York city payments at London and Paris.

Exchange was easier, both cables and demand being from quarter to half cent under yesterday's highest rates.

No change of importance occurred in the local money market. It was regarded as not worthy that interior banks are showing an increasing disposition to hold their reserves here intact.

Cables from Berlin, suggesting the opening of the bourse for regular business in a limited way, lacked confirmation among local bankers with influential German connections.

Regarding the railroad situation the tonnage outlook apears to be more favorable so far has to do with the grain carrying roads.

Cheese—Steady.

NAVAL STORES MARKET.

Savannah, September 2.—Turpentine, nominal, 45½; no sales. Receipts, 338; shipments, 245; stocks, 29,449.

Rosin—Nominal; no sales. Receipts, 891; shipments, 1,783; stocks, 113,548. Quote: A, B, 3.50; C, D, 3.52½; E, G, H and I, 3.55; K, 4.15; M, 4.50; N, 6.00; W G, 6.25; W W, 6.35.

DRY GOODS MARKET.

New York, September 2.—The primary cotton goods market was quiet today, but there was indication that a buying movement was about to develop. Cotton yarns were weaker. Burlaps and worsted yarns were firm.

CLINTON'S FIRST "BREAK."

Ordinary Cutters Sell for 18 Cents Per Pound.

(Special Star Correspondence.)

Clinton, N. C., Sept. 2.—The Clinton tobacco market opened here today at both the Planters' and Farmers' warehouses with buyers representing all American tobacco companies, and three auctioneers on the floors. The golden leaf sold for very good prices. Ordinary cutters sold for 18 cents per pound, and all farmers who sold on the market here seemed to be very well pleased with what their loads netted them, considering the present war conditions that exist.

BULLISH ESTIMATES ON CORN

And the Yield of Spring Wheat in the U. S. Tended to Make Wheat Advance.

Chicago, September 2.—Bullish estimates on the corn crop and on the yield of spring wheat in the United States tended today to make the price of wheat advance. The market closed firm —⅝ to 1c. above last night. Corn scored a net gain of 1¼ to 1⅞c., and oats, of ½@⅝ to ¾c. Provisions finished unchanged to 22½c. down.

Grain and provisions closed:

Wheat—September, 1.11; December, 1.14¾; May, 1.17¾.

Corn—December, 52; May, 55⅛.

Pork—September, $20.00; January, 22.50.

Lard—October, 10.32; January, 10.77.

Ribs—October, 12.22; January, 11.60.

Cash grain:

Wheat—No. 2, red, 1.11½@1.14; No. 2, hard, 1.11½@1.12½.

Corn—No. 2, yellow, 79½@81½.

Oats—Standard, 49@50.

EVEN CURES ULCERS.

Remarkable Results from Skin Remedy That Costs Almost Nothing.

No matter how bad a sore or ulcer afflicts you, it is believed that Hokara, the pure skin healer, will cure it, but if it doesn't cure, the purchase price will be refunded.

J. Hicks Bunting Drug Co., the local agents of Hokara, who have sold hundreds of packages, say they have yet to find any form of wound or disease affecting the skin that Hokara does not heal, and its relief comes so quickly that those who try it are simply delighted with it.

Pimples, eczema, blackheads, acne, barber's itch, and all skin troubles are quickly relieved by applying this simple skin healer and tissue builder. It contains no grease or acids, and is cleanly to use.

J. Hicks Bunting's drug store is selling a large package of Hokara for 25c.

CONFEREES REACH A PLAN

For the Liquidation of the International Interest Left Outstanding When War Broke Out.

New York, Sept. 2.—A notice issued late tonight by President Cone, of the New York Cotton Exchange, calls upon all members having open contracts to meet Thursday, September 3rd, at 10 A. M., to receive a report from the conference committee. This was supposed to mean that the representatives of the Liverpool, New York and New Orleans exchanges, which have been holding conferences here since the beginning of the week, had arrived at a plan for the liquidation of the international interest left outstanding when the exchanges were closed at the end of July. Such an impression was strengthend by an official cable from the Liverpool Cotton Association reading as follows:

"Inform your members who have contracts open that we will admit their orders to close same through ballot good until cancelled where they so desire. We suggest that orders be limited to the price fixed by our committee. Twenty four hours notice of any change from previous prices will be given."

No definite statement was available as to the probable terms of the settlement proposed by the international committee but the announcement received favorable comment among local traders who evidently regarded them as foreshadowing a decided step toward a resumption of business. Meanwhile Southern advices indicate generally favorable weather conditions from a new crop standpoint and further declines were reported in the Southern spot markets. August quoted middling at 7 3-4 today with sales of 307 bales and local spot brokers say that cotton in the interior of both Alabama and Georgia was offered at easier prices during the day. Rumors of large purchases for Japan were in circulation here again today, but could not be confirmed in local trade circles.

WILMINGTON PEANUT MARKET.

(Quoted by J. S. Funchess & Co.)

Wilmington, N. C., Aug. 29.—North Carolina Peanuts: Market weaker; receipts, light; fancy hand-picked, 85c.; No. 1, maching picked, 80c.

Virginias — Steady. Fancy hand picked, $1.00; No. 1, machine picked, 95c. per bushel.

You Need a Tonic

There are times in every woman's life when she needs a tonic to help her over the hard places. When that time comes to you, you know what tonic to take—Cardui, the woman's tonic. Cardui is composed of purely vegetable ingredients, which act gently, yet surely, on the weakened womanly organs, and helps build them back to strength and health. It has benefited thousands and thousands of weak, ailing women in its past half century of wonderful success, and it will do the same for you.

You can't make a mistake in taking

CARDUI

The Woman's Tonic

Miss Amelia Wilson, R. F. D. No. 4, Alma, Ark., says: "I think Cardui is the greatest medicine on earth, for women. Before I began to take Cardui, I was so weak and nervous, and had such awful dizzy spells and a poor appetite. Now I feel as well and as strong as I ever did, and can eat most anything." Begin taking Cardui today. Sold by all dealers.

Has Helped Thousands. I 61

"ASK THOSE WHO USE IT"

"An ounce of prevention is worth a pound of cure," said a wise man. We believe him, and so do you, but do you practice your convictions? With all the known methods of sanitation at your command, and a strict adherence to them, you are then sometimes sick. Did you ever seriously question why? Perhaps it is the Ice you are using. Be certain that it is not. Use Plate Ice. No serious consequences.

GOVERNOR NAMES TWO COMMITTEES

To Carry Out Provisions of Cotton Conference.

TO MEET SEPTEMBER 7

Both Committees to Facilitate the Execution of the Plan to Store Cotton in Warehouses—Craig Makes Statement.

(Special Star Telegram.)

Raleigh, N. C., Sept. 2.—Carrying out the provisions of resolutions adopted by the conference he held yesterday with planters, manufacturers, bankers and other business men, Governor Craig announces the appointment of two important committees the conference provided for.

One committee, with Dr. Clarence Poe as chairman, will ascertain and publish just to what extent the emergency currency and other banking resources in this State will be available for financing North Carolina crops and whether or not present legislation and present activities of the North Carolina banks will meet the requirements and suggest remedies if they are found not to be. Other members of the committee are H. Q. Alexander, president of the State Farmers' Union; C. W. Mitchell, Roger A. Derby, J. A. Brown, T. B. Parker and W. R. Camp.

The other committee, with Col. J. Bryan Grimes as chairman, will secure information and proper forms that may be used for warehousing cotton and provide approved certificates for commercial or currency purposes. They will disseminate information about the kind of warehouses required, insurance cost, and publish procedure necessary to secure currency on cotton certificates. Other members of the committee are A. J. McKinnon, J. M. Templeton, D. Y. Cooper and D. F. Shelton.

Both these committees are called to meet in Raleigh September 7th to launch the specific work of each.

In connection with the announcement of these committees the governor gives out this interview:

"For a number of days I have been in constant communication with leading business men, farmers, bankers, manufacturers and merchants, and they are unanimously and strongly of the opinion that the farmer should not sell his cotton on the present market. Conditions must change. The market must improve.

"A large per cent of the crop can and will be held and protected by present owners without warehouse certificates or extraordinary agencies. The part of the crop in distress can be placed in warehouses and upon this cotton certificates can be issued that are more solvent than any other evidences of credit except paper money.

"The certificates will be the security most desirable by all who have money to lend, because they will have behind them cotton safely stored."

In conclusion, the Governor declared that it is indisputable that cotton has the intrinsic value with no substantial reason for present demoralization; that there must be co-operation; that the welfare of the farmers being coexistent with all others and its destruction would mean general disaster and that sentiment that actuated President Wilson in refusing to be a party to exacting thirteen million dollars bonus for a hundred millions loan to China in distress is the American standard and will be the standard of true patriotic citizens in dealing with their neighbors and will prove the best business for all, and actuated the representative men gathered here Tuesday.

SENATOR STONE'S BILL IS FAVORABLY REPORTED

Calling for Recognization of Diplomatic and Consular Service.

Washington, Sept. 2.—Senator Stone's bill for re-organization of the diplomatic and consular service today was ordered favorably reported by the Senate committee on foreign relations. Appointments of embassy secretaries, consul generals and consuls would be by commission to general service and not to any particular post. They would be assigned to posts by order of the President.

No officer would be assigned for duty in the Department of State for more than three years unless demanded by the public interest when an extension of one year would be permitted.

An ambassador, minister, diplomatic agent or secretary in the diplomatic service would be prohibited from having interest in or transacting business as a merchant, broker, or other trade within the country to which he is accredited.

A hearing on the bill was held today by the House Foreign Affairs committee. Wilbur J. Carr, director of the consular service, urged it for the State Department.

SUCCESSFUL OPENING AT WARSAW

Much Tobacco Sold at Both Warehouses Yesterday—Wallace, Too.

(Special Star Correspondence.)

Warsaw, N. C., Sept. 2.—The Warsaw tobacco market opened today with a very satisfactory sale of a large amount of the bright leaf at both warehouses. A large number of people were present from the neighboring towns looking the situation over, and were favorably impressed. Buyers representing practically every large firm in the world are now on this market.

The tobacco worms have done a great amount of damage during the last two weeks, but the larger portion of the crop is already housed and those closest to the situation feel more optimistic over the entire outlook. Wallace also had a very successful opening at both its warehouses.

SERVICES AGAIN TONIGHT

Rev. Edwin C. Hardison will Preach at Christian Advent Church.

On account of the great interest among the members of the congregation of Fourth Street Christian Advent church in the series of services being conducted by Rev. Edwin C. Hardison, he has consented to preach again tonight. He preached a most impressive sermon last night to a large congregation.

There will be a baptismal service at the close of the service tonight. Nine additions have been made to the church since the services began.

TEN THOUSAND COPIES FOR FREE DISTRIBUTION

"Truck Soils of the Atlantic Coast Region."

Their Printing Secured by Senator Overman at Instance of A. C. L. and N. S. Railroads—Col. Pearsall May Land Job.

(Special Star Telegram.)

Washington, D. C., Sept. 2.—At the request of industrial agents of the Norfolk Southern and Atlantic Coast Line railways, Senator Overman secured the printing of 10,000 extra copies of "Truck Soils of the Atlantic Coast Region," and they are now ready for distribution. The paper appeared in one of the agricultural documents and when it was called to the attention of the railroad agents, they decided that it was a valuable paper and the junior senator was asked to have extra copies printed in order that the farmers of Eastern Carolina might be benefited by its contents.

Interment at Asheville.

The remains of Capt. J. B. Worsley, who was found dead in his room yesterday, were sent to Asheville tonight for interment. Capt. Worsley was a gallant Confederate soldier and while in Washington made many friends. Senator Overman gave him a job on the Senate side of Congress soon after the Democrats got control of the government and he has remained here since that time.

Important Job for Pearsall.

It is believed that Col. P. M. Pearsall, of Newbern, will be given an important assignment with the Department of Justice in the near future. Friends of the colonel have interested themselves in his behalf and it is thought they have been successful. Colonel Pearsall spent today in Washington. He is en route from New York to Asheville.

Home from Europe.

Helen Sumner and Mrs. Beulah Moore, of Salisbury, who were caught in the war zone when the European conflict began, passed through here today on their way home.

Miss Sumner, who teaches school at Morganton, talked to The Star correspondent about her trip. She said she had a "glorious trip, although there were some ups and downs."

Miss Sumner was in a party of 26 tourists, directed by a German. They were in Germany when the war cloud broke, and had to walk three miles, carrying their baggage, to the Swiss border one night. P. R. A.

MESSAGE TO CONGRESS IS BEING PREPARED.

President Will Urge Legislation to Raise Emergency Funds.

Washington, Sept. 2.—President Wilson tomorrow will begin preparation of a message which he plans to read to Congress Friday, urging emergency revenue legislation to offset curtailment in customs receipts since the beginning of the European war. About $100,000,000 must be provided.

Administration leaders in Congress already have been studying available sources of special revenue and have been in frequent conference with Secretary McAdoo of the Treasury Department. Senator Simmons, chairman of the finance committee, has co-operated with Representative Underwood, chairman of the ways and means committee, in the preliminary deliberations and both were convinced several weeks ago that war revenue would be necessary.

Mr. Underwood has asked the President to indicate what course he proposed to recommend in raising the needed revenues but up to tonight the President had not done so.

Suggestions have been made that beer, whiskey, domestic wines, tobacco, railroad and theatre tickets, gasoline, patent medicines, soft drinks and other similar commodities be taxed. No agreement had been reached, however, by the ways and means committee majority.

The Treasury Department reported today that customs revenues dropped about $11,000,000 during August. Slight increases over August, 1913, were shown in internal revenue and corporation tax returns, but the total receipts for the month were off.

REPUBLICAN STATE HEADQUARTERS OPENED

Secretary Grissom Gets Things in Shape in Greensboro for Campaign

(Special Star Correspondence)

Greensboro, N. C., Sept. 2.—Secretary Gilliam Grissom, of the State Republican executive committee, this morning opened headquarters for his party in the Grissom building, opposite the McAdoo hotel, and for the next two months will have an office force busy getting out literature and otherwise directing the campaign in North Carolina. A meeting of the State committee will be held in a week or so to nominate candidates for such state offices as are to be filled in the November elections. Mr. Grissom thinks the Republican platform is one that will appeal to the voters of the state.

It is Mr. Grissom's idea to conduct a campaign of reconciliation and of education. He desires to win back the ones who have wandered out of the fold into the camp of Progressives, and this will be "conciliation." He hopes to win some Democrats by the party's progressive platform, and this he terms "education."

OPENING AT WALLACE.

Tobacco Market Outlook There Exceedingly Good.

(Special Star Telegram.)

Wallace, N. C., Sept. 2.—Wallace tobacco market opened today with two houses in operation. The outlook for the Wallace market is exceedingly good, with all the large tobacco companies represented and with the completion of the sand-clay roads which lead directly into the largest tobacco producing territory. Estimates place the sales for the season at three million pounds.

Louisville, Ky., Sept. 2.—Major C. F. Cramer of Columbus, Ohio, today was elected commander-in-chief and Scranton, Pa., chosen for the 1915 convention by the United Spanish war veterans in eleventh annual convention here.

MONTANA TOWN QUIET UNDER MARTIAL RULE

State Militia Dominates Labor Situation.

Court House Guarded by Soldiers and People Warned from Streets—Machine Guns Mounted on Corners and Roofs.

Butte, Mont., Sept. 2.—Butte's first day of martial law with the Montana National Guard occupying the court house and city hall passed without disturbance.

Four arrests of leaders of the Butte Mine Workers' Union were made, one of the men being James Chapman, who acted as judge in the deportation of men who refused to join the new union. Chapman had cartridges in his pockets. Three others who were arrested carried revolvers.

The city was searched for "Muckie" McDonald, president of the union, but he could not be found. He is wanted on charges of inciting riots. It was said many more arrests would be made.

The Butte police and the sheriff's police of Silver Bow county were ordered to co-operate with the militia in making the arrests and maintaining peace. The men arrested will betried by military court.

For the first time in days the jurisdiction committee of the new union did not appear at the mines and enforce its order that prohibited nonmembers from working.

For several blocks around the court house, the streets were patrolled by militia men who prohibited persons from passing through the guarded district. On two sides of the court house gatling guns were placed in the streets. Two machine guns were placed on the court house roof. The state troops will sleep in the court house for the present.

Orders placing Butte under martial law prohibits boys and girls under 18 from being on the streets at night. Women, unaccompanied, are requested not to appear on the streets. Public meetings have been prohibited, but certain organizations will be allowed to meet if they obtain permits.

The mines of Butte worked as usual today, but when the miners came to the surface, they were searched for dynamite.

NO MORE BOYS WILL BE TAKEN FOR THE PRESENT

School For Feeble Minded Filled to Two Thirds Capacity.

(Special Star Correspondence)

Kinston, N. C., Sept. 2.—The North Carolina School for the Feeble-minded, two miles from here, is now filled to more than two-thirds of its capacity, and no more boys will be taken into the institution. Eighty-three children are enrolled, and the full capacity is only 120. Only girls of the moron class, the highest grade of the feeble-minded, will be taken to fill out the number. Dr. C. B. McNairy, the superintendent, says applications have been had for 125 more than can be admitted, and he is choosing only children that promise to be tractable until the final limit is reached ,about October 15.

The School for the Feeble-minded commenced operations by accepting in the main children of the middle grade, or imbeciles. A few morons were taken, however, for comparison and other purposes. There are about a score of adult morons and imbeciles among those enrolled. There is not a single idiot yet in the care of the institution. The operation of the school is now smooth, and progress is visible both in the lines of physical and mental culture. The inmates have become a well-adjusted little community. Friday night dances are a social feature at the institution, in which all participate, and visitors and the faculty join. Music, it is said, appeals strongly to all classes of the feeble-minded, and the dance is one of the features of life in the school which is most enjoyed by them.

COURT TERM CALLED OFF.

Guilford Docket Congested, but No Calendar Made Up.

(Special Star Correspondence.)

Greensboro, N. C., Sept. 2.—The lawyers here met a few days ago and decided not to make up a calendar for the two weeks' September term of court and this term will probably be abandoned. Judge Devin does not approve of this practice, however, and he has told the lawyers that if a calendar is not made up for terms in the future when he is riding the district that he will come on the first day of the term and take up the docket with the first cases and call through the docketing, non-suiting cases in which there are no pleadings and apparently no effort to get them tried. There are more than 600 cases on the docket in the county and there is no excuse for the attorneys doing away with the present term. It is such things as this that bring courts and attorneys into disrepute. The more than 1,000 litigants who have cases pending in court have a right to have their cases settled whether attorneys wish to try them or not. C. A. H.

RIVERS AND HARBORS TODAY.

Senate Will Continue Consideration Until Bill is Disposed Of.

Washington, September 2.—The Senate voted today to begin consideration of the Rivers and Harbors appropriation bill tomorrow and continue until it is disposed of. Several Republican Senators propose to fight the bill, which carries appropriations aggregating $53,000,000.
